

Hassan Alnobani

PERSONAL DETAILS:

Name: Hassan Mousa Alnobani
Adress: Jordan,Amman
Mobile: 0796022279
E-mail: hassanalnobani1@gmail.com
Github: <https://github.com/HassanAlnobani>

Objective:

A recent Artificial Intelligence graduate with a strong foundation in pre-processing and data visualization skills, equipped to extract actionable insights from raw data and prepare it for advanced modeling. Eagerly seeking a challenging position in the field of data science, machine learning engineering, AI engineering, or related roles to apply my expertise in transforming data into valuable solutions. Committed to leveraging my analytical prowess and passion for innovation to contribute effectively to an organization's success through data-driven decision-making and model development.

Professional Experience:

Aug – Oct 2023 Data Science training with Orange Jordan

EDUCATION:

2020– 2023 Higher International Diploma in **Artificial Intelligence**.

- Luminus Technical University College
- With a GPA 86.8 %

Skills:

- **Data Manipulation:** Skills in data manipulation libraries such as Pandas and NumPy for cleaning and transforming data.
- **Machine Learning:** Expertise in machine learning algorithms and libraries like scikit-learn
- **Data Visualization:** Ability to create meaningful visualizations using tools like Matplotlib, Seaborn, pwerBi, or Tableau.

LANGUAGES:

- **ARABIC:** fluent
- **ENGLISH :** pre-Intermediate level
- **JAPANESE :** Elementry level
