EDUCATION

Data Science Course - Coding Academy by Orange

Nov 2022 - Jan 2023

This was an intensive training in the field of data science and soft skills, some of the coursework included: (Big Data, Data Visualization, Machine Learning, Feature Extraction, Supervised & Unsupervised Learning, NLP, Computer Vision)

Bachelor's in Management Information Systems (MIS) - Mu'tah University

Jan 2019 - Sep 2022

GPA (3.7) (90.74%) - First Ranked Student Summer 2022

Coursework included: Database Management Systems (SQL), Programming (HTML, CSS, Python), System Analytics and Design, MultiMedia, and Computer networks and Information security.

PROJECTS

Credit Score Prediction | [Link](#)

Nov 2022-Jan 2023

- A model that predicts credit score based on a dataset of 12,500 numbers of customers data in 8 months (100,000 records) and 28 features. We also created a web page for the user interface.
- We started with data analysis, then we created the model using XGBoost classifier and Gradient Boost algorithms.
- Part of Data Science Academy by Orange.

Second Sight | [Link](#)

Mar - Sep 2022

- Second Sight is a mobile application that helps university students and faculty, with a special focus on the disability group, by facilitating the services and making them more accessible to them. We used Adobe XD to prototype this project, and my role was the team leader.
- Graduation Project.

Organically | [Link](#)

Feb - April 2021

- Mobile application that provides a safe, efficient place for the farmers to sell their products to the customers, and for the customers to feel free on choosing which farmer they want to buy from and what is the best price deal for them.
- Part of GSSC Exchange.

VIRTUAL EXCHANGE

Alumni Club (IREX)

Oct 2021 - May 2022

Through this program, I managed to create Hero's Awareness Club, which aims to spread awareness about people with special needs, in order to provide them with a safe environment and new opportunities.

Global Solutions Sustainability Challenge (GSSC)

Feb - April 2021

This program is a virtual exchange initiative that supports workforce development in the U.S, Jordan, and Iraq. I led the Technical Specialist rule, managing rule, and cross-cultural connection.

EXPERIENCES

Data Entry Intern - Mu'tah University, Jordan

Aug - Sep 2022

- Entered 200+ names of partners, including exchanging programs and Memorandums of Understanding (MoUs).
- Technologies: Excel & Oracle Fusion Middleware

VOLUNTEERING

Shaghaf Family | Club Founder, Teams Leader and Trainer

Oct 2021 - Current

King Hussein Cancer Foundation and Center | Different volunteering activities

Dec 2019 - Current

Nahno | 315 Volunteering Hours

2021 - Current

Mawada Initiative | Moderator and Coordinator

Feb 2022 - Jan 2023
