## LANGUAGES

---

- Arabic      Mother Language.
- English      Excellent in reading, writing and speaking.

## PROJECTS

---

- UX/UI project "Pizza In Heaven" in Peru, The project involved designing a responsive landing page that displays on desktop, tablet, and mobile with a user-centric approach using Figma. From conducting user research to creating user personas and user journey maps, we covered it all. We also focused on creating wireframes and high-fidelity prototypes while keeping in mind the importance of user feedback in the design process.  
[Figma Link\(Desktop\)](#). [Figma Link\(Tablet\)](#). [Figma\(Mobile\)](#).
- A registration platform for an international school where students enter their personal information and take two exams English and math. where we used HTML, CSS, JavaScript.  
The website is user-friendly and responsive. [Live code Link](#)
- Harmony House website for a shop that sells instruments, where I used HTML, CSS, React, bootstrap, JSX.  
The website is user-friendly and responsive. [Live code Link](#)
