Front-End | Back-End | Full Stack Developer

Career Objective

A **Software Engineering** student in my third year, passionate about **full-stack development** and innovative software solutions. I gained foundational web development skills through **Orange Academy**, where I learned **HTML, CSS, JavaScript, ReactJS**, and am currently expanding my knowledge in **Laravel**, with plans to learn **Flutter** next. I am eager to apply my problem-solving abilities, analytical thinking, and strong teamwork skills to real-world projects. Additionally, I have a passion for **robotics training and mentoring children in technology**. Seeking an opportunity to grow in a **dynamic IT environment** that nurtures learning and innovation.

Core Competencies

Software Development	Problem-Solving Ability	Effective Communication
Requirement Analysis	Project Management	Attention to Detail
Critical Thinking	Creativity and Innovation	Team Collaboration
	Time Management	

Technical Knowledge

Programming Languages: HTML, CSS, JavaScript, php, ReactJS, Laravel, c++, c#.
Database: MySQL
Software Development Practices (SDLC): Scrum, Agile
Other Tools: MS Office (Word, PowerPoint), Git (Version Control Systems), Figma

Internship

Orange Academy, AQABA

Nov 2024 – Aug 2025

Intern, IT Department

- Assisted in various IT operations, contributing to the maintenance and improvement of front-end systems.
- Supported the deployment of new web development technologies, gaining hands-on experience with **HTML, CSS, JavaScript, React.js**. Gained exposure to industry-standard tools and practices, including version control systems with **Git**

Academic Projects

1) E-Commerce Website for Juice corner

- Implemented product catalog, user authentication, shopping cart, and checkout features.
- Used HTML, CSS, JavaScript, and backend technologies to ensure a seamless shopping experience.
- Focused on responsive design and user-friendly interface for an enhanced customer experience.

2) Orange Coding School(School System Management)

- Implemented features such as student records, course catalog, and teacher assignments management.
- Used React to build a dynamic and responsive user interface, ensuring smooth interactions and fast updates without page reloads.
- Integrated user authentication for secure access to different user roles (admin, student, teacher).
- Focused on responsive design to ensure the platform is optimized for both desktop and mobile devices, providing a seamless experience for all users.

3) Orca Diving(reservation system)

Developed a hotel booking platform featuring room browsing, reservation management, and secure payment processing• Used Laravel 10 for backend development, ensuring secure and efficient data handling and processing.

- Integrated a seamless reservation process with payment gateway for secure online payments.
- Focused on responsive design, making sure the platform is optimized for both mobile and desktop devices, ensuring a smooth user experience across all devices.

4) STORY (Task Managment)

- Used Html,Css,JS.
- Focused on responsive design, making sure the platform is optimized for both mobile and desktop devices, ensuring a smooth user experience across all devices

Education & Credentials

Aqaba University Of Technology , JORDAN

2024

Bachelor's in Software Engineering

Conferences and Training Attended:

- Orange Academy – Full-Stack Development Training
 - Completed training in **HTML, CSS, JavaScript, React.js , and Laravel.**
 - Worked on real-world web development projects, including **portfolio websites, e-commerce prototypes, and task management apps.**
 - Gained hands-on experience in **Git version control, UI/UX design using Figma, and Agile methodologies.**
- Jordan River Foundation – Technology & Innovation Program
 - Contributed to **youth and community-based technology projects.**

SABA ALHRISHAT

Jordan 0792833340 saba.alhrishat2002@gmail.com [GitHub](#) [Linkedin](#)

- Participated in **training sessions** focused on using technology for **social impact and education**.
 - Assisted in mentoring and training **children and young learners** in basic coding and digital skills.
-
