

Haneen Abumazrou

FULL-STACK WEB DEVELOPER

AMMAN, JORDAN | 0791846461 | Haneen.abumazrou@gmail.com

[Git Hub](#) | [LinkedIn](#)

Professional Summary

Dedicated Full-Stack Developer with hands-on experience in building responsive web applications using HTML, CSS, JavaScript, PHP, and MySQL. Skilled in both front-end and back-end development, with strong collaboration abilities and a background in agile methodologies. Proven ability to deliver high-quality, user-focused applications and adapt quickly to new challenges. Actively looking to obtain a role where I can contribute technical expertise and problem-solving skills within a dynamic team environment.

Work Experience

Full Stack Web Development Bootcamp
September 2024 – Present
Orange Coding Academy

- **Front-End Development:** Designed and implemented responsive web interfaces using HTML, CSS, JavaScript, and Bootstrap, ensuring cross-browser compatibility and optimized load times for enhanced user experience.
- **Back-End Development:** Developed database interactions with PHP and MySQL, enabling dynamic content, user authentication, and secure data handling across applications.
- **Collaborative Projects:** Engaged in group projects, simulating real-world development cycles and agile practices. Actively contributed to project planning, daily stand-ups, code reviews, and feature development, fostering a productive team environment.
- **UI/UX Design:** Applied fundamental UI/UX principles to improve application usability and aesthetics, focusing on creating intuitive and visually engaging user interfaces.
- **Agile Methodologies:** Practiced agile development methodologies including sprint planning, task prioritization, and iterative improvement, adapting to feedback and meeting project deadlines efficiently.
- **Soft Skills Training:** Completed structured training on essential soft skills such as communication, leadership, time management, and teamwork, improving effectiveness in collaborative work settings.

Projects

1. Portfolio Website: [GitHub](#)

- **Description:** Designed and built a responsive portfolio to showcase projects and skills, using HTML and CSS with an emphasis on clean, professional design.
- **Technologies Used:** HTML, CSS

2. NestQuest – Travel & Booking Web App: [GitHub](#)

- **Description:** Developed a fully functional web application for booking travel trips, hotels, and holiday packages. Integrated local storage and JSON server to manage and retrieve booking data.
- **Technologies Used:** HTML, CSS, Bootstrap, JavaScript, Local Storage, JSON Server.

3. MobixStore – E-commerce Web App: [GitHub](#)

- **Description:** Created an e-commerce platform for mobile phone sales, incorporating features like product listings, user registration, and shopping cart functionality. The backend was developed using PHP and MySQL for secure, scalable data handling.
- **Technologies Used:** HTML, CSS, Bootstrap, JavaScript, PHP, MySQL

Skills & abilities

- **Technical Skills:**
 - Front-End: HTML5, CSS3, Bootstrap, Javascript, React JS
 - Back-End: PHP, Laravel
 - Database: MySQL
 - Operating Systems: Windows.
 - Software Development Practices (SDLC): Agile, Scrum.
 - Tools: Visual Studio Code, Figma, Trello, GitHub.
- **Soft Skills:** Communication, Time Management, Leadership, Teamwork, Agile Methodologies, Search Skills, AI Tools, Problem Solving.

Languages

- **Arabic** (Native): Full proficiency in speaking, reading, and writing.
- **English** (Very Good): Advanced proficiency with strong communication skills in both written and spoken contexts. Able to understand complex texts and engage in fluent conversations.

Education

Bachelor of Science in Communication Engineering
Al Balqa Applied University - Faculty of Engineering Technology
2023

Full Stack Web Development Bootcamp
September 2024 – Present
Orange Coding Academy

An intensive and comprehensive bootcamp focused on mastering modern full-stack web development skills. Offered in collaboration with Simplon.Co and Princess Sumaya University for Technology (PSUT).

Key Highlights and Training:

- Proficiency in HTML, CSS, JavaScript, Bootstrap, PHP, MySQL, Laravel, and React.
- Hands-on experience building scalable web applications and responsive user interfaces.
- Training in Agile methodologies, project management, teamwork, and problem-solving.
- Exposure to UI/UX design principles and utilizing API integrations in real-world projects.
- Practical application through projects like an e-commerce store, weather app, and portfolio site.
- Focus on professional skills such as communication, time management, and leadership.

Achievements:

- Successfully completed team projects showcasing collaboration and coding expertise.
- Built a fully functional e-commerce app, a personal portfolio site, and a movie app integrating Laravel and React.
