Web developer | Full Stack Developer

A recent graduate of **Orange Coding Academy** with hands-on experience in full-stack development, web applications, and problem-solving. Proficient in **JavaScript**, **PHP**, **React**, and **Laravel**, with strong back-end and front-end development capabilities. Passionate about continuous learning and building scalable, efficient applications using modern development practices in agile environments.

Core Competencies

Data Analytics Skills	Critical Thinking	Time Management
Requirement Analysis	Problem-Solving Ability	Attention to Detail
Creativity and Innovation	Project Management	Team Collaboration
Fast learning		

Technical Knowledge

Languages: PHP, Laravel, React, JavaScript

Database: SQL, MySQL, SQL Server

Version Control: Git, GitHub

Design & Tools: Figma, Trello, MS Office

Operating Systems: Windows

Development Practices: Agile, Scrum

Internship

Orange Coding Academy, Jordan | Dec 2024 – May 2025 | Intern, Full-Stack Development

Work Experiences:

- Gained hands-on experience in front-end and back-end development, with a focus on Laravel for server-side development. • Worked with React for front-end and back-end integration in web applications.
- Assisted in building and maintaining scalable applications using Laravel, focusing on routing, database management, and security features.
- Contributed to database management and design using MySQL within the Laravel framework to ensure performance and data integrity.
- Collaborated with a team of developers to ensure best practices and efficient code structure.

Academic Project

1) Electrohome– E-commerce Site

- E-commerce website with product listings, cart, and admin dashboard.
- **Technologies:** PHP, MySQL, HTML, CSS

2) Future Coders – Kids Coding Platform

- Educational platform for kids to learn programming interactively.
- **Technologies:** React.js

3) Rum Quest – Booking System

- Adventures booking platform with payment system and admin/user panels.
- **Technologies:** Laravel, PHP, MySQL, HTML, CSS

Education & Credentials

University: Al-Hussein Bin Talal , JORDAN 2020

Bachelor's in mining engineering

Grade: 3.7 out of 4

- Graduated as the Top Student in the Mining Engineering Class of 2020.
- Received multiple honors for outstanding academic performance

Conferences and Training Attended

Conferences:

International Mining Conference 2022 – Attended as a participant, exploring advancements in the mining sector and emerging technologies.

International Mining Conference 2025 – Participated as a speaker, presenting on "**Artificial Intelligence and Its Applications in Jordan's Mining Sector**", discussing the role of AI in optimizing mining operations and enhancing sustainability.

Training Programs:

2024 | Comprehensive Training with Tresco Company – Covered multiple fields, including:

- **Graphic Design** – Advanced skills in Adobe Illustrator and Photoshop
- **Content Writing Course** – Developing expertise in professional and creative writing
- **Freelancing Course** – Learning strategies for remote work and online income generation •

2023 | Green Energy Entrepreneurship Training – Business Development Center (BDC) •

2021 | SIRCLE Project in Sustainability – Selected among top students for training with Edama Foundation

2020 | Various Technical & Professional Development Courses, including:

- **AutoCAD & Microsoft Office Proficiency** – Technical training in engineering design and documentation
- **Soft Skills & Leadership Workshops** – Strengthening communication, teamwork, and leadership abilities
- **Renewable Energy Training** – Focused on sustainable energy solutions

Personal Information

- **Nationality:**
- **Date of Birth:** 15 April 1996
- **Marital Status:** Single
- **Languages:** Arabic and English
