## FULL STACK DEVELOPER

0777683610/ omar.s.alshafee@gmail.com / <https://www.linkedin.com/in/omar-al-shafee/>  
Amman, Jordan

## OBJECTIVE

Agile full-stack developer proficient in HTML, CSS, JavaScript, , Bootstrap, Php/ Laravel and SQL Server. Actively contributes to Scrum teams, ensuring seamless collaboration and timely project delivery. Strong focus on continuous improvement and delivering value to end-users.

## WORK EXPERIENCE

### Trainee

Feb 2022 – PRESENT

*Orange Coding Academy / Salt, Jordan*

- Mastered a front-end language, proficiently implementing dynamic and responsive user interfaces to enhance overall user experience.
- Acquired expertise in a back-end language, enabling efficient server-side operations and seamless integration of functionalities.
- Successfully transitioned into a full-stack developer role, demonstrating proficiency in both front-end and back-end development, ensuring end-to-end project execution.
- Developed essential soft skills, fostering effective communication, collaboration, and problem-solving abilities for enhanced teamwork and project success.

## EDUCATION

### Wadi Al Sayer College

Oct 2019 – Aug 2021

*Diploma in Survey Science*

## SKILLS

- Git.
- JavaScript.
- MySQL.
- HTML&CSS.
- PHP.
- LARAVEL.
- Bootstrap.

## PROJECTS

### • Portfolio Web Page:

Developed a visually appealing and responsive portfolio website utilizing HTML/CSS. Employed a mobile-first approach to ensure optimal performance across multiple devices, effectively highlighting personal projects and skills.

### • Quiz Web Site:

Constructed an engaging and adaptable quiz website using HTML, JavaScript, CSS, and Bootstrap. Incorporated dynamic quiz features, captivating user interface, and successfully deployed the website for hosting purposes.

- Web Site Ecommerce:

Created a dynamic and mobile-friendly e-commerce website by leveraging PHP, HTML, CSS, and a SQL database. Implemented essential features such as product listing, cart functionality, and secure payment integration, ensuring a seamless and secure shopping experience for users.

- Web Site Rent Transportation:

Utilized Laravel for the back-end and HTML, CSS, Bootstrap for the front-end to design and develop a user-friendly vehicle booking website. Leveraged MySQL as the database for efficient data management. Demonstrated expertise in Laravel, front-end technologies, and database administration through the creation of a seamless platform for users to book and manage vehicle reservations.
