Jordan - Amman

---

## OBJECTIVE

Motivated Full Stack Web Developer with hands-on experience in web development and a strong foundation in both front-end and back-end technologies. Recognized for excellent communication skills and the ability to build lasting professional relationships, I bring a collaborative mindset and a commitment to continuous learning. Dedicated to developing efficient, scalable, and user-centered applications, I am eager to contribute my technical expertise and problem-solving abilities to drive innovation and success within a dynamic team.

---

## EXPERIENCE

### Orange Coding Academy

Sep 2024 – Present

#### Full Stack Web Development Bootcamp

An intensive course in Full-Stack Web Development conducted in collaboration with Simplon.Co and Princess Sumaya University for Technology (PSUT). The program focuses on building proficiency in HTML, CSS, JavaScript, PHP, Laravel and React, with an emphasis on creating responsive, user-centric applications through hands-on projects. Problem-solving skills were honed by addressing complex coding challenges. Leadership was demonstrated as a Scrum Master, organizing and managing sprints to meet project deadlines, while fostering effective teamwork by actively contributing to group projects and promoting efficient workflows.

### Jordan Oil Terminals Company - JOTC

Apr 2024 - July 2024

#### Business Analysts

Gained valuable experience as a Business Analyst Intern, learning the core functions of a Business Analyst role while working closely with teams across finance, commercial, and logistics departments. Gained hands-on experience with the Infor ERP system, assisting in data analysis and process optimization. Developed a strong understanding of business operations and how analytical insights contribute to strategic decision-making in a dynamic industry.
