Soft Skills

Software Development	Critical Thinking	Time Management
Process Evaluation	Problem-Solving Ability	Problem-Solving Ability
Performance Review	Project Management	Effective Communication
Data Analytics Skills	Creativity and Innovation	Attention to Detail
Requirement Analysis	Customer-Centric Approach	Team Collaboration

Experience

- **Trainee at Coding Academy by Orange** 05/2024 – 12/2024
Intensive course in Full-Stack Web Development in collaboration with Simplon.co and Princess Sumaya University for Technology (PSUT)

Projects

1) Masterpiece: <https://github.com/CyberMan010/Masterpiece-design> , my masterpiece is an E-commerce website for house decorations , using React JS Tailwind CSS for Front-end and node js with postgresql for back-end , with Figma for mockup and wireframe.

2) Jordan Journeys : [repo](#) It was one of the projects that was so entertaining for me , as a QA in this project. We worked as a team using Figma for Mockup and Wireframe and React js with nodejs additionally to postgresql to finish it , it had a low level of challenges ,therefore it was my first time to explore my project's mapping skill.

3) Cinematic : [repo](#) This project was my first team project and my first time as a Scrum in a team. We worked together using Firebase for database JavaScript and Tailwind CSS for front-end and Figma to design the mockup and wireframe for the website to provide cinematic success stories for people to watch.

Education

- **Trainee at Coding Academy by Orange 7 Months Full-Stack Web Development Bootcamp,** 05/2023 – 12/2023

Intensive course in Full-Stack Web Development in collaboration with Simplon.co and Princess Sumaya University for Technology (PSUT)
