

RAWAN ABU HAJER

FULL STACK DEVELOPER

 rawanh.abuhajer@gmail.com  0785813316  [Rawan abu hajer](#)  [Rawan abu hajer](#)

SUMMARY

Junior Full Stack Developer, I possess robust strong front-end development skills, specializing in HTML, CSS, Bootstrap, JavaScript and React for crafting dynamic and engaging user interfaces. On the backend, I have good knowledge in MERN stack, enabling me to build scalable applications. Additionally, I am experienced in working with SQLite for database management and React Native for creating mobile applications.

EXPERIENCE

Full stack web and mobile development trainee

2.2023 - 9.2023

Orange coding academy

- Successfully developed dynamic and interactive web applications .This achievement facilitated seamless data handling and real-time updates, enhancing user experience.
- Utilized effective time management techniques to meet project deadlines and deliver high-quality code.
- Demonstrated adaptability by quickly learning and applying new technologies and frameworks in a fast-paced learning environment
- Participated in a national hackathon and achieved an outstanding high score, showcasing my coding abilities in a competitive environment.

EDUCATION

Full stack web and mobile development

2.2023 - 9.2023

Orange coding academy

Civil engineering

10.2014 - 6.2019

philadelphia university
