JEUNIOR DATA SCIENC

Laith Khaled Mustafa

A dedicated professional with a strong academic foundation, I am Laith Khaled Mustafa, a recent graduate in Physics from Mutah University, actively pursuing advanced studies in Artificial Intelligence at Al-Zaytouna University. While my professional experience is yet to be established, my academic journey has endowed me with a versatile skill set that aligns seamlessly with the demands of the professional world. My years of rigorous education have not only equipped me with a profound understanding of physics but have also cultivated a keen problem-solving mindset and honed my ability to swiftly acquire new knowledge. I am excited to embark on a career where I can apply my diverse skill set and contribute effectively to real-world challenges.

KEY COMPETENCIES

- Operating Microsoft Excel
