OBJECTIVE

Aspiring full-stack developer with a strong foundation in front-end (HTML, CSS, JavaScript) and back-end development (PHP, Laravel), as well as database management (SQL, MySQL). I am highly motivated and eager to apply my technical skills in a professional setting. Known for my patience and dedication to continuous learning, I am excited to contribute effectively to a dynamic development team and support secure, high-quality applications.

EXPERIENCE

Full-stack Developer: *Orange Coding Academy (September 2024 – Present)*

Selected from over 5,000 applicants for an intensive full-stack web development program at Orange Coding Academy.

At Orange Coding Academy, I have developed a strong foundation in full-stack development, covering both front-end and back-end technologies.

- **front-end:** experience includes HTML, CSS, and JavaScript, enabling me to build responsive and user-friendly interfaces.
- **back-end:** I have gained hands-on experience with PHP, Laravel.
- **database management:** using SQL and MySQL, allowing me to create dynamic and data-driven applications.

This role has enhanced my technical skills and taught me to build and integrate complex systems efficiently.

PROJECTS

- **Portfolio:** personal portfolio created using HTML and CSS.
- **JOB HEAVEN:** website to help job seekers to find job and employers to find employ this website created using HTML, CSS, Bootstrap, JavaScript, JSON.
- **Revoly cake :** e-commerce platform to pay cake in this website we work as team and using HTML, CSS, Bootstrap, JavaScript, PHP, MVC, MySQL
