

# ABDALRHMAN JAD

## DATA SCIENTIST

Aspiring Data Scientist with a passion for turning data into actionable insights and solutions. background in data science, statistics, and programming. Eager to embark on a challenging and rewarding career in the field of data science, I bring a combination of technical skills, analytical mindset, and a drive to make a positive impact through data-driven decision-making.

---

### EDUCATION

#### B.SC. CIVIL ENGINEERING

2018-2022

University of Jordan

GPA (3.14/4)

#### DIPLOMA. CIVIL ENGINEERING

2016-2018

Khwarizmi Collage

GPA (90.3/100)

---

### CERTIFICATIONS

#### ORANGE CODING ACADEMY

May 2023 - Jul 2023

- The comprehensive 320-hour training program is centered on mastering data analysis, encompassing crucial components such as data cleaning, data preparation, feature selection, hypothesis testing, statistical analysis, and data visualization. Participants will also gain in-depth knowledge of various machine learning algorithms utilized for classification and regression tasks. Additionally, the program focuses on enhancing soft skills, ensuring a well-rounded and effective learning experience.
- I successfully completed a significant big data project centered on analyzing food prices in Jordan. Through extensive data analysis, I was able to make accurate predictions for food prices in the upcoming year, leveraging the power of various machine learning algorithms.

#### SOLOLEARN

- Python for data science

#### UDEMY

- Microsoft Power BI Desktop for Business Intelligence (2023)

#### UDACITY

- SQL for Data Analysis
- 

### TECHNICAL

- Data Analysis
- Machine Learning
- Data Visualization
- Programming
- Statistical Analysis
- Mathematics

### SOFT SKILLS

- Adaptable
  - Communication Skills
  - Teamwork
  - Quick Lerner
  - Time Management
-
