

# Ibrahim Quniebi

Junior web development

## Profile

Dynamic and motivated Junior Web Development professional with hands-on experience in full stack development, aiming to leverage skills in an innovative environment. Proficient in HTML, CSS, JavaScript, PHP, MySQL, Laravel, and React JS, with a strong foundation in AI search algorithms. Demonstrated problem-solving abilities and strategic planning capabilities, committed to developing creative solutions. Eager to contribute to a team that values collaboration and innovation while pursuing a career in AI engineering. Ready to embrace challenges and grow within the field of web development.

## Employment History

### Intern at Orange Coding Academy

December 2024 — April 2025

Engaged in an internship at Orange Coding Academy, focusing on enhancing skills in web development. This role emphasizes the application of core programming languages and frameworks, including HTML, CSS, JavaScript, PHP, MySQL, and Laravel. The experience gained is instrumental in understanding the intricacies of full stack development and AI search algorithms.

- Successfully contributed to various web development projects, implementing responsive designs.
- Gained practical knowledge in utilizing frameworks such as React JS and WordPress.
- Developed problem-solving skills through strategic planning and creative approaches to challenges.
- Collaborated with mentors and peers to refine coding skills and project execution.
- Expanded understanding of AI algorithms relevant to web applications.
