Full Stack Web Developer

CAREER OBJECTIVE

Motivated Full Stack Web Developer with a bachelor's degree in computer information systems from Yarmouk University and comprehensive training from Orange Coding Academy, including 900 hours of technical training and 100 hours of soft skills development. Skilled in HTML, CSS, JavaScript, SQL, C#, MVC, ASP.NET Core Web API, TypeScript, and Angular. Successfully served as Scrum Master for an HR Management System, demonstrating strong leadership and project management abilities. Additionally, it has strengthened my problem-solving and information management skills. I am seeking a software development position where I can apply my technical expertise to deliver innovative and effective solutions.

Technical Skills

Front-End: HTML/CSS, JavaScript, Bootstrap, TypeScript, Angular

Back-End: C#(OOP), ASP.NET Core MVC, ASP.NET Core API, Asp.net Web Form, PHP

Database: SQL, SQL Server, MySQL

Software Development Practices (SDLC): Scrum, Agile.

Tools: Visual Studio, Visual Studio Code, Figma, Trello, GitHub, Node.js

Soft Skills

Requirement Analysis Patience Time Management Leadership Emotional Intelligence Interpersonal Skills Learning Agility	Critical Thinking Problem-Solving Ability Creativity and Innovation Flexibility Proactive Focus Team Collaboration	Self-Motivation Effective Communication Attention to Detail

Experience

Orange Coding Academy, Irbid/Jordan

Oct 2024- Mar2025

Full Stack Web Development Trainee

Work Experiences:

- Successfully completed comprehensive training in full-stack development, covering both front-end and back-end technologies.
- Developed and maintained dynamic web applications utilizing HTML/CSS, JavaScript, C#, TypeScript, and Angular.
- Implemented responsive web designs and user interfaces using Bootstrap and Angular frameworks.
- Built and integrated APIs using ASP.NET Core Web API to enhance application functionality and enable efficient data exchange.
- Managed and queried databases effectively using SQL and SQL Server.

Projects

1) Project/Time Management System ([GitHub Link](#))

Description: full-featured web application for managing employees, tasks, and time. The system includes attendance tracking, task assignment with status updates (To Do / In Progress / Done), and automated notifications to users. It supports role-based access and provides an intuitive admin dashboard. Built using ASP.NET MVC, Entity Framework, and SQL Server.

2) EdSpark – E-Learning Platform([GitHub Link](#))

Description: An interactive e-learning platform that provides students with access to various courses across multiple categories. A key feature of the system allows students to apply as instructors based on predefined criteria, enabling them to both learn and teach within the platform. The system includes course enrollment, dynamic dashboards for students and teachers, role management, and a responsive user interface.

3) HR Management System ([GitHub Link](#))

Description: Developed a comprehensive HR Management System using ASP.NET Core MVC, featuring separate dashboards for employees, managers, and HR. The system includes attendance tracking, task management, leave requests, performance evaluation, and PDF data export.

4) Library Management System([GitHub Link](#))

Description: Developed a system for a university library enabling student registration, book borrowing, room reservations, and feedback submission. Provided efficient management of books, rooms, and reservations for library owners.

5)Quiz Website([GitHub Link](#))

Description: Developed a responsive quiz website using HTML, CSS, Bootstrap, and JavaScript. The website allows users to register, log in, and take multiple-choice quizzes (IQ Test, English Test, Technical Test). Users receive detailed feedback and results upon completion.

Education

Full Stack Web Development Bootcamp – Orange Coding Academy (May 2024 – Present)

Intensive course in Full Stack Web Development in collaboration with Simplon.co and Princess Sumaya University for Technology (PSUT).

Yarmouk University, Irbid/Jordan

Bachelor's degree in computer information systems

(Oct 2020 - July 2024)
