### Projects

### 1) Master-Piece Project (BudgetWizeHub) [GitHub](#)

"BudgetWizeHub" is your go-to platform for managing personal finances effectively. It allows users to track income, expenses, and savings, offering tools to set financial goals, create customized budgets, and monitor spending habits. With a user-friendly interface,

### 2) Election Project [GitHub](#)

As part of our mission to increase voter awareness and promote transparency, we have developed a secure and informative online platform for the Jordanian election process. This platform provides voters, candidates, and administrators with a comprehensive, user-friendly experience, making the election process more accessible and engaging.

### 3) Movies-Website (Cima Kids) [GitHub](#)

"Cima Kids" is a vibrant and engaging movie website designed specifically for children. It features a curated selection of kid-friendly movies, complete with colorful visuals and easy-to-navigate categories. The site offers a safe and enjoyable environment where kids can explore and watch their favorite films, fostering a fun and educational experience.
