Full Stack Web Developer

Career Objective

A motivated Telecommunication and Software Engineer graduate from BAU University, currently enrolled in the Orange Coding Academy as a Full-Stack Developer. Throughout the 1,000-hour intensive bootcamp (900 hours of technical training & 100 hours of soft skills), I gained hands-on experience in various technologies, including Figma, HTML, CSS, JavaScript, C#, webform ASP.NET Core MVC, SQL, TypeScript and Git.

I have successfully completed 10 projects, both individually and within teams, where I took on different roles such as Scrum Master, Product Owner, and Developer. This experience not only strengthened my technical expertise but also enhanced my teamwork, time management, and leadership skills, preparing me to contribute effectively in a collaborative and Agile-driven environment. Excited to bring my expertise, problem-solving mindset, and enthusiasm to a dynamic development team.

Technical skills

- **Front-End:** Figma, HTML, CSS , Javascript, Typescript, BootStrap, Angular.
- **Back-End :** C#(OOP),_ASP.NET Web Forms, ASP.NET Core MVC, ASP.NET Core Web API.
- **Database:** SQL,SQL Server
- **Tools:** Visual studio , Visual studio code, Figma , Trello ,GitHub, Git.

Soft skills

- Teamwork .
- Time Management & Organization.
- Communication Skills.
- Continuous Learning & Adaptability.
- Attention to Detail.
- Networking.
- Self-Motivation
- Emotional Intelligence.

Experience

Orange Coding Academy , Irbid -Jordan
