CAREER OBJECTIVE

I recently completed an intensive Full Stack Web Development training program at Orange Coding Academy, where I gained hands-on experience in building responsive, user-friendly web applications using technologies like React, Node.js, Express, and MongoDB. This program significantly strengthened my skills in both frontend and backend development and gave me the opportunity to collaborate on real-world projects in a team environment. Alongside this, I'm pursuing a degree in Artificial Intelligence and Data Science at Amman Ahliya University, where I'm continuing to build a strong foundation in tech. Passionate about web development and eager to contribute to innovative projects, I'm actively seeking entry-level IT opportunities to apply my skills and grow professionally.
