Full-Stack Web Developer | Database Management

CAREER OBJECTIVE

A recent Business Information Technology graduate from University of Jordan Aqaba Branch, bringing proven Web Development internship experience with Orange Coding Academy. Equipped with foundational skills in web development, data mining, and knowledge management. Proven ability to apply technical skills in HTML, CSS JavaScript, and PHP in practical, real-world situations, demonstrated through internships and academic projects. Adept at problem-solving and analytical thinking, with a solid grasp of standardizing policies and procedures. Brings strong interpersonal and communication skills, fostered through successful team collaborations and leadership roles in various projects. Looking to leverage extensive academic training and internship experience in dynamic entry-level IT positions.
