## Full Stack Web Developer

### CAREER OBJECTIVE

Recent Computer Science graduate and Full-Stack Developer with over 900 hours of technical training and 100 hours of soft skills development at Orange Coding Academy. Experienced in building 8 end-to-end web applications using technologies such as HTML, CSS, JavaScript, TypeScript, Angular, C#, ASP.NET Core MVC, ASP.NET Core API, and SQL Server. Adept in Agile and Scrum methodologies, with hands-on experience as Scrum Master and Product Owner. Known for strong problem-solving skills, leadership, and the ability to deliver high-quality solutions in dynamic team environments. Seeking a challenging software engineering role to contribute technical expertise and continue growing professionally.

### Technical Skills

**Front-End:** HTML/CSS, JavaScript, Bootstrap, TypeScript, Angular, WebForms.

**Back-End:** C# (OOP), ASP.NET Core MVC, ASP.NET Core API.

**Database:** SQL Server.

**Operating Systems:** Windows.

**Software Development Practices (SDLC):** Scrum, Agile.

**Tools:** Visual Studio, Visual Studio Code, Figma, Trello, GitHub, Git.

### Soft Skills

Adaptability Flexibility Problem-Solving Critical Thinking Learning Agility Attention to Detail	Conflict Resolution Team Collaboration Leadership Emotional Intelligence	Patience and Resilience Effective Communication Time Management Proactive Focus
--	---	--

### Experience

Orange Coding Academy, Irbid/Jordan

Dec 2024 - Present

Full Stack Web Development Trainee

**Work Experiences:**

- Currently undergoing intensive training in full-stack development, gaining hands-on experience in both front-end and back-end technologies.
- Building and maintaining dynamic web applications using HTML/CSS, JavaScript, C#, TypeScript, ASP.NET Core MVC, ASP.NET Core API, and Angular.
- Designing responsive and user-friendly interfaces with Bootstrap to ensure seamless cross-device compatibility.
- Managing and querying databases effectively using SQL Server for efficient data storage and retrieval.
- Collaborating in Agile teams, taking on roles such as Scrum Master and Developer, to deliver high- quality projects while applying Agile methodologies.

---

## Projects

### 1) HR Management System ([GitHub](#))

Led a team of 7 as Scrum Master and Full-Stack Developer to build a secure and user-friendly HR Management System using ASP.NET Core MVC, C#, SQL, HTML, CSS, Bootstrap, and JavaScript. The system included dashboards for employees, managers, and HR with features like task management, attendance tracking, leave requests, PDF reports, voice search, email notifications, and password encryption.

### 2) Library System ([GitHub](#))

Built a full-stack Library Management System in a team of 6 during Orange Coding Academy's Bootcamp using ASP.NET WebForms, HTML, CSS, Bootstrap, and JavaScript. Applied Agile methodologies to deliver features like book search, user authentication, reservations, borrowing/returning, and admin dashboard, enhancing my full-stack and project management skills.

### 3) Candy Shop ([GitHub](#))

This project is a responsive e-commerce website for a sweet shop, built with HTML, CSS, TypeScript, Bootstrap 5, and Angular. Users can browse pastry categories, view product details, add items to their cart, and complete orders with secure payment options. Admins manage products, categories, users, and vouchers through a dedicated dashboard. Features include voice search, multilingual support, product sharing, live chat, and user profile customization.

### 4) Quiz Platform ([GitHub](#))

Developed a dynamic quiz platform using HTML, CSS, and JavaScript with secure login, user profiles, timed quizzes (IQ, English, Technical), and anti-cheating features. Collaborated in a team of 6 using Agile methodologies to deliver PDF result downloads, interactive rules, and a user-friendly interface, strengthening my front-end development and teamwork skills.

---

## Education

### Full Stack Web Development Bootcamp – Orange Coding Academy    Dec 2024 – Present

Intensive course in Full Stack Web Development in collaboration with Simplon.co and Princess Sumaya University for Technology (PSUT).

### Al-Balqa Applied University, Al-Husun/Jordan

Oct 2020 - Jan 2025

Bachelor's degree in Computer Science.
