Mohammad Al-Amaireh

Junior Full Stack Web Developer

I am a highly motivated Full Stack Web Developer with a proven track record of building responsive and user-friendly web applications. With a solid foundation in front-end and back-end development, I excel at turning design concepts into seamless digital experiences. Proficient in technologies like HTML , CSS ,JavaScript and React,, and databases such as SQL , PHP , Laravel , I am dedicated to creating efficient, secure, and innovative solutions. I thrive in collaborative environments, continuously seek opportunities for growth, and am passionate about delivering high-quality web applications that meet and exceed user expectations.

Experience

June 2023 - present

Orange Coding Academy | Aqaba Cohort

Trainee As Full Stack Web Developer

At Orange Coding Academy, I excelled as both a Scrum Master and Product Owner, facilitating agile methodologies, streamlining team collaboration, and ensuring on-time project delivery

• Projects

1 - Quiz App - Using Html , CSS and Javascript “ As Product Owner “

Build a responsive and dynamic quiz website that requires the user to register and sign in to answer the quiz questions, and compare the user's answers with the correct answers previously saved on local storage

2 - Services Greenfield Project - Using LARAVEL

Create a web application using Laravel, Bootstrap, HTML, CSS, and MySQL. It allows users to book services or explore volunteer opportunities. Includes user authentication, admin dashboard, and coherent visual identity.

3 - E-Commerce Website - Using PHP

You will build an e-commerce web application using PHP and MYSQL, remember your project should meet the following client brief.
