Full Stack Web Developer

CAREER OBJECTIVE

I am a dedicated Full Stack Web Developer with comprehensive training from Orange Coding Academy, encompassing 900 hours of technical training and 100 hours of soft skills development. I also hold a Bachelor's Degree in Electrical Engineering from Yarmouk University. My technical proficiency spans a variety of technologies, including HTML, CSS, JavaScript, SQL, C#, MVC, ASP.NET Core Web API, TypeScript, and Angular.

In addition to my technical training, I bring a diverse skill set from previous roles, including teaching English online and working as a content moderator at Concentrix. This experience has sharpened my communication skills and enhanced my ability to manage and disseminate information effectively. Throughout my educational and training journey, I have completed over seven projects, taking on key leadership roles such as Scrum Master and Product Owner.

With a strong foundation in problem-solving, coupled with my experience in education and content moderation, I consistently apply best practices and standardized processes across all areas of my work.

I am known for my robust communication and teamwork abilities, I am seeking a software development position where I can leverage my diverse expertise to contribute to impactful solutions.

Technical Skills

Front-End: HTML/CSS, JavaScript, Bootstrap, TypeScript, Angular

Back-End: C#, ASP.NET MVC, ASP.NET Core Web API

Database: SQL, SQL Server.

Operating Systems: Windows.

May 2024 - Present

Work Experiences:

- Successfully completed comprehensive training in full-stack development, covering both front-end and back-end technologies.
- Developed and maintained dynamic web applications utilizing HTML/CSS, JavaScript, C#, TypeScript, and Angular.
- Implemented responsive web designs and user interfaces using Bootstrap and Angular frameworks.
- Built and integrated APIs using ASP.NET Core Web API to enhance application functionality and enable efficient data exchange.
- Managed and queried databases effectively using SQL and SQL Server.

Concentrix, Amman/Jordan
Content Moderator

Nov 2021 - May 2024

Work Experiences:

- Ensuring the safety and functionality of online platforms that rely on user-generated content by removing harmful, offensive, and inappropriate content.
- Achieving KPIs and Quality results and being a top performer for 8 months.

Participating in a Mentor Program that includes:

- Conducting different kinds of meetings, including review and shadowing.
- Designing eye-catching pictures and videos to deliver policies and knowledge content.
- Working on different data sheets.

Freelance, Instagram
English Tutor

Nov 2021 - May 2024

Work Experiences:

- Teaching English to all levels, including beginners, intermediates, and advanced.
- Providing friendly, easy-to-follow video content
- Conducting weekly interactive meetings with students.
- Creating well-designed and detailed materials for students.
- Getting creative with making entertaining and unique content.

Projects

1) Parliamentary Jordanian Election System ([GitHub Link](#))

Description: This system has been developed to facilitate online voting, application submission, advertisement management, and election result display. The primary objective is to create a comprehensive platform for managing elections within Jordan, utilizing ASP.NET MVC5 with C# for its core functionalities.

2) HR Management System ([GitHub Link](#))

Description: HR system designed to facilitate various HR-related tasks and processes using HTML, CSS, Bootstrap and JavaScript.

3) Feedback System ([GitHub Link](#))

Description: Feedback System includes functionalities such as user authentication, course management, dynamic feedback submission, and result visualization using HTML, CSS, Bootstrap, JavaScript, and C# ASP.NET Web Forms.

4) E-Commerce System ([GitHub Link](#))

Description: This e-commerce system includes user authentication, product management, dynamic cart updates, live chat, and order management using HTML, CSS, JavaScript, and C# ASP.NET Web API Core. It offers secure payments, coupon integration, and personalized recommendations with a responsive design for an optimal shopping experience.
