## PROJECTS

- **Task Management Software**  
Description: An organizational tool designed to simplify task tracking and distribution within teams or individuals. Features include task assignment, progress tracking, and deadline management, aimed at enhancing productivity.
- **PAWZY:**  
Description: A website dedicated to pet care, providing health information and supplies in one place for pet owners.
- **Playzone:**
- A dynamic platform that connects sports enthusiasts with top indoor and outdoor playing fields. It simplifies the process of finding and reserving sports facilities, whether you're a casual player or part of a team.
- **Portfolio:** I created a personal portfolio using HTML, CSS, and JavaScript to showcase my skills and projects. This project improved my front-end development abilities
