Software Developer

## CAREER OBJECTIVE

I'm Abdullah Mohammed Ahmed Yaseen, an Electrical Maintenance Technician with a diploma in Electromechanical Maintenance from Tafila Technical University. I have experience in retail, accounting, and royal palace projects. Currently, I'm training in programming at Orange Academy to expand my IT and software development skills. I'm passionate about problem-solving, teamwork, and continuous learning in the tech field.

## Core Competencies

Technical maintenance expertise	Programming and coding skills	Leadership in team and individual work
Problem-solving	Clear and effective communication	Creativity and innovation
Time management	Attention to detail	Adapting to new environments

## Technical Knowledge

- Programming Languages:** Laravel, React, JavaScript, HTML/CSS, PHP
- Database Management:** SQL, MySQL
- Operating Systems:** Windows
- Development Practices:** Scrum, Agile
- Tools:** Git (Version Control), MS Office (Word, Excel, PowerPoint)

## Internship

### Intern

*Orange Coding Academy (Programming Training)* Dec 2024 – Recently Graduated  
I was recently enrolled in an intensive training program. Through this, I'm building my skills in coding, project planning, and software development. I'm gaining hands-on experience with the latest tools and technologies, which I can't wait to apply in real-world projects.

### Retail Associate

*Private Retail Store (Blankets and Bedding)* Jan 2018 – Dec 2018  
This was my first job, where I worked in retail. I helped customers, managed daily transactions, and ensured the store stayed organized. It was a great experience for developing my interpersonal and customer service skills.

### Technician

*Royal Palaces Project* Feb 2019 – Jul 2019  
I had the opportunity to work on electromechanical maintenance for the royal palace projects. My responsibilities included repairs, installations, and collaborating with the team to meet tight deadlines. I'm proud to have contributed to completing such an important project.

### Accountant

*Multiple Bakeries* Aug 2019 – Aug 2021  
In this role, I handled bookkeeping and managed financial records for several bakeries. I ensured

accurate daily reports, coordinated with vendors, and streamlined procurement processes. This experience taught me a lot about financial management and maintaining professional relationships.

## Freelancer

Sep 2021 – Present

After gaining experience in various roles, I started working on my own projects. I've learned to manage my time, adapt to different challenges, and interact with clients effectively.

---

## Academic Projects

### Furniture Store Website

An e-commerce platform for a furniture store built with PHP, allowing users to browse, shop, and checkout securely. Includes an admin panel for managing products and orders, with a database for storing user and product information.

A Management System website designed to streamline daily operations within a company, enhancing efficiency and accuracy. Built with HTML, CSS, and JavaScript, it offers tools for managing HR, projects, sales, inventory, and more.

### MR.CUT

Laravel-based booking platform for barber shops.

## Education & Credentials

- **Tafila Technical University, Jordan**

Diploma in Electromechanical Maintenance

*Graduated in [2017-2019]*
