

Feras D'yab

Full Stack Web Developer

Highly energetic and committed full stack web developer, competent in both front-end and back-end. I have a clear, logical mind with a practical approach to problem-solving, as well as strong technical skills and excellent interpersonal skills, enabling me to interact with teammates and co-workers in an efficient and professional way. I am eager to learn and I enjoy overcoming challenges. I'm seeking a junior Web Developer position to utilize what I have learnt in Web development and brush my skills in the field.
