Full Stack Web Developer

CAREER OBJECTIVE

As a **Full Stack Web Developer**, I possess a strong blend of technical expertise and problem-solving skills, refined through an intensive boot camp at **Orange Coding Academy**, where I completed over **900 hours** of technical training and **100 hours** of soft skills development. Proficient in **HTML, CSS, Bootstrap, JavaScript, C#, MVC, SQL, ASP.NET Core, Angular, and TypeScript**, I have the ability to develop both front-end and back-end solutions efficiently. My strong analytical thinking, creativity, and adaptability enable me to learn new technologies quickly and apply them effectively. I am eager to contribute my skills to innovative projects, enhance development processes, and drive impactful solutions in the tech industry.

Technical Skills

Front End: HTML/CSS, JavaScript, Bootstrap, Angular.

Back End: C# (OOP), ASP.NET MVC, ASP.NET Core Web API, TypeScript.

Database: SQL Server.

Operating Systems: Windows.

Software Development Practices (SDLC): Scrum, Agile.

Tools: Visual Code, Visual Studio Code, Figma, Trello, Git (Version Control System), GitHub.

Soft Skills

Critical Thinking	Creativity and Innovation	Time Management
Problem Solving	Team Collaboration	Effective Communication
Attention to Detail	Customer-Centric Mindset	Adaptability

Experience

Orange Coding Academy, Irbid/Jordan

Dec 2024 - Present

Full Stack Web Development Trainee

Work Experiences:

- Developed and maintained responsive web applications using HTML, CSS, Bootstrap, and JavaScript, enhancing user interface and user experience.
- Assisted in building and optimizing back-end services with MVC, ASP.NET Core, and SQL, ensuring robust, scalable, and efficient solutions.
- Collaborated closely with cross-functional teams to deliver high-quality code, enhancing both teamwork and project management skills.
- Contributed to the design and implementation of database structures, improving data retrieval efficiency and data integrity.
- Implemented user authentication and authorization mechanisms, ensuring secure access to web applications.

Projects

1) HR Management System ([GitHub](#))

Developed a full-stack HR Management System using HTML, CSS, Bootstrap, JavaScript, C#, SQL, and ASP.NET Core MVC, featuring:

- Role-based dashboards (Employee, Manager, HR) with functionalities like task management, attendance tracking, leave requests, and PDF report generation.
 - Advanced features, including password encryption, voice search, and email notifications.
- Collaborated in a team of 6, applying Agile methodologies, and contributed to problem-solving, teamwork, and project delivery.

2) Library System ([GitHub](#))

Built a full-stack Library Management System as part of Orange Coding Academy's Bootcamp, incorporating:

- Book search, user authentication, reservations, borrowing/returning, study room booking, and an admin dashboard.
- Technologies used: ASP.NET WebForms, HTML, CSS, Bootstrap, JavaScript, Figma (design), and Trello (project management).

3) Quiz Platform ([GitHub](#))

Designed and developed an interactive quiz platform using HTML, CSS, and JavaScript, featuring:

- Secure login, user profiles, and three quiz types (IQ, English, Technical).
- Anti-cheating measures, timers, detailed results analysis, and PDF result downloads.
- Strengthened skills in front-end development, teamwork, and problem-solving while working under experienced mentors at Orange Coding Academy

Education

**Orange Coding Academy,
Full Stack Web Development Bootcamp**

Dec 2024 – Present

Intensive course in Full Stack Web Development in collaboration with Simplon.co and Princess Sumaya University for Technology (PSUT) .

Al-Balqa Applied University

Sep 2012 - Jun 2016

Bachelor's Degree in Accounting Information System (AIS).
