EXPERIENCE

June 2023 - October

Orange Coding Academy | Aqaba Cohor

Trainee As Full Stack Web Developer

At Orange Coding Academy, I excelled in a 5-month web development bootcamp, gaining hands-on expertise in a wide range of technologies. Additionally, I performed effectively as both a Scrum Master and Product Owner, implementing agile methodologies and ensuring timely project delivery

Project

1 - Quiz App - Using Html , CSS and Javascript

Achieved development of an interactive quiz website with responsive design and dynamic features. Implemented a secure registration and login system for users to participate in quizzes. Incorporated functionality to compare user-provided answers with correct responses stored in local storage, enhancing the user experience.

2 - Build E-Commerce Website Using PHP & MYSQL " As Scrum Master "

Led as Scrum Master in developing an e-commerce fashion website. User and admin interfaces with product categories, cart, checkout, and feedback. Established a user-friendly landing page with a discount section, maintaining visual consistency

3 - City Serve using LARAVEL " As Product Owner "

Volunteering job opportunity website that connects the charities with the volunteers used with (Html , CSS , Bootstrap , JS , PHP , Laravel)
