### PROFILE

I am a junior full stack web developer with a strong foundation in both front-end and back-end development. I have a passion for creating visually appealing and user-friendly websites. With a focus on clean code and problem-solving, I am dedicated to continuously learning and growing in the ever-evolving field of web development.

### WORK EXPERIENCE

#### Trainee at Coding Academy by Orange

06/2023-present

- Intensive course in Full Stack Web Development in collaboration with Simplon.co and Princess Sumaya University for Technology(PSUT)

#### University's library(AI Hussein bin Talal Library)

2018-2022

- I worked at Al-Hussein Library at Yarmouk University in the References Department during my studies.

### PROJECTS

#### Website "FoodShare"

We provide the opportunity for you as a volunteer to donate in three ways: either financially paying for the value of food, whether it is a daily meal, monthly package, or restaurant coupons, or donating of food it self, or donating anything else of your choice.

Technologies used: HTML, CSS, JAVASCRIPT , Bootstrap, Laravel .

Source code: [https://github.com/raghadtaha19/laravel\\_foodshare](https://github.com/raghadtaha19/laravel_foodshare)

#### Website "HomeMadeHarmony"

E-commerce platform that celebrates creativity and craftsmanship, we've created a space where talented artisans and crafters can showcase their incredible home-made products to a global audience.

Technologies used: HTML, CSS, JAVASCRIPT ,PHP, MySQL .

Source code: <https://github.com/raghadtaha19/E-commerce-based-database>

#### Website "Quizat"

Quiz Website that concludes 20 questions from 3 levels (IQ, English and Technical)

Technologies used: HTML, CSS, JAVASCRIPT, Local Storage, and Session Storage.
