Full Stack Web Developer

CAREER OBJECTIVE.

Network engineer and passionate software developer with intensive training in Full Stack Web Development through the Orange Coding Academy, in collaboration with Simplon and Princess Sumaya University for Technology (PSUT). Proficient in technologies such as HTML, CSS, JavaScript, C#, ASP.NET MVC, ASP.NET Core API, and Angular. Gained extensive practical experience through an internship at Orange Coding Academy, where I applied these skills to real-world projects and worked on 10 different projects during my training. Additionally, I have a background in network engineering, providing me with a strong technical foundation in software development and enhancing my analytical, problem-solving, and teamwork skills. Eager to contribute to a dynamic web development role and continue advancing my professional growth.

Technical Skills

Front-End: HTML/CSS, JavaScript, Bootstrap, Angular.

Back-End: C#, ASP.NET MVC, ASP.NET Core Web API, TypeScript.

Database: SQL, SQL Server, Oracle SQL.

Operating Systems: Windows.

Tools: Visual Studio, Visual Studio Code, Canva, Figma, Trello, GitHub.

Software Development Practices (SDLC): Scrum, Agile.

Soft Skills

Software Development Time Management Data Analytics Skills Requirement Analysis Multitasking	Critical Thinking Problem-Solving Ability Project Management Creativity and Innovation	Effective Communication Attention to Detail Team Collaboration

Experience

Orange Coding Academy, Irbid

May 2024 –present

Full Stack Development Trainee, IT Department

Work Experiences:

- Completed comprehensive training in full-stack web development, mastering both front-end and back-end technologies.
- Developed and maintained dynamic web applications using HTML, CSS, JavaScript, and TypeScript, focusing on creating interactive and adaptive user interfaces.
- Implemented responsive web designs and user interfaces with Bootstrap and Angular, ensuring seamless user experiences across various devices and screen sizes.

- Engineered and integrated APIs using ASP.NET Core Web API, and developed applications with ASP.NET MVC5, enhancing application functionality and data exchange efficiency.
- Managed and queried databases effectively using SQL and SQL Server, optimizing data handling and retrieval processes.

Projects

1. Parliamentary Jordanian Election System: ([GitHub Link](#))

Description: This system has been developed to facilitate online voting, application submission, advertisement management, and election result display. The primary objective is to create a comprehensive platform for managing elections within Jordan, utilizing ASP.NET MVC5 with C# for its core functionalities.

2. E-Commerce System: ([GitHub Link](#))

Description: The E-Commerce System is a platform designed to simplify online buying and selling. It features a user-friendly interface built with HTML and CSS, and uses JavaScript for interactivity. On the backend, C# and ASP.NET Core Web API handle business logic and data management, with SQL Server used for data storage. The system also includes an admin dashboard for managing products and tracking orders.

3. Feedback System :([GitHub Link](#))

Description: A comprehensive course management platform developed to facilitate seamless course management, feedback collection, and progress tracking, aiming to enhance the educational experience for both students and administrators.

4. HR System ([GitHub Link](#))

Description: A streamlined HR system that simplifies HR processes, including employee management and attendance tracking.

For more projects, visit my [GitHub profile](#) for additional work and details.

Education

Full Stack Web Development Bootcamp- Orange Coding Academy **May2024 – present**
Intensive course in Full Stack Web Development in collaboration with Simplon.co and Princess Sumaya University for Technology (PSUT).

Al-Balqa Applied University, Irbid, Jordan **Sep2019 – Sep2023**
Bachelor's degree in “computer and network systems engineering.”
Grade: 3.24 out of 4.00 (Very Good).

SDK Company**Sep 2023 – Dec 2023**

Participated in an intensive CCNA course, applying learned concepts practically in real-world scenarios, demonstrating hands-on expertise by contributing effectively to collaborative projects.

Courses

- Ccna
 - Html
 - Css
 - Javascript
