

# Ola Yousef

## FULL STACK DEVELOPER

Jordan | +962 785479393 | [olayousef172@gmail.com](mailto:olayousef172@gmail.com) | [Linkedin](#) | [Github](#)

Full Stack Developer with a strong foundation in developing user-centric web applications, specializing in both front-end and back-end technologies. Proficient in HTML, CSS, JavaScript, Bootstrap, PHP, MySQL, Laravel, React and API development, with a passion for writing clean, efficient code and delivering innovative solutions. Gained extensive hands-on experience through completing 7 projects at Orange Coding Academy. Additionally, developing a strong understanding of SEO best practices and their importance in optimizing web applications for better visibility and performance. Eager to apply my technical expertise to a dynamic and forward-thinking web development team.

---

## ➤ Educational Content Creator – Code Pro

June 2024 – January 2025

- Created and developed digital educational content for Qout, an online learning platform targeting students across all age groups in Jordan.
  - Designed curriculum-based lessons aligned with the Jordanian educational system, including simplified texts, instructional videos, and interactive activities.
  - Collaborated closely with design and development teams to ensure content was engaging, user-friendly, and met pedagogical goals.
  - Contributed to building a comprehensive and structured educational system that supports self-paced learning and enhances student understanding.
- 

## PROJECTS

- **HU Wheel – University Trip Booking Website .**  
Developed a website allowing students to book trips and track bus movements in real-time using HTML, CSS, JavaScript, Bootstrap, and Laravel. Included a booking system and a live bus tracking feature.
  - **Rave Movie – Movie Viewing Website**  
Built an interactive movie site using HTML, CSS, JavaScript, and Bootstrap, integrating an API to display trending movies, search, and filter functionality.
  - **Astro Cures – Full-Stack E-Commerce Platform**  
Developed a custom e-commerce platform with PHP, MySQL, MVC, HTML, CSS, and JavaScript, featuring a secure dashboard for product and order management, and role-based access control.
  - **Design Hive – Creative Platform for Designers**  
Created a platform for designers to showcase their work and interact using HTML, CSS, JavaScript, Laravel, and Ajax, with features like profiles, messaging, and a like/comment system.
