## Full Stack Web Developer

### CAREER OBJECTIVE

Full-Stack Web Developer with comprehensive training from Orange Coding Academy. I worked on 10 different projects in the span of 6 months, using different languages and techniques like, HTML, CSS, Bootstrap, JavaScript, C#, ASP .NET MVC 5, SQL Server, ASP.NET Core Web API, Angular, and TypeScript. I'm skilled at problem-solving, analytical thinking, creative thinking, and working in dynamic, team-oriented environments, and I'm also greatly passionate about improving myself and my skills as a web developer. I look forward to contribute to a forward-thinking company where I can apply my skills, learn and grow as a developer, and leave a positive imprint.

### Technical Skills

**Front-end:** HTML/CSS, JavaScript, Bootstrap, Angular

**Back-end:** C#, ASP.NET MVC, ASP.NET Core Web API, TypeScript

**Database:** SQL, SQL Server

**Operating Systems:** Windows

**Software Development Practices (SDLC):** Scrum, Agile

**Other Tools:** Git (Version Control Systems), Figma, Trello, Visual Studio, Visual Studio Code, SSMS

### Soft Skills

Adaptability	Critical Thinking	Problem-Solving Ability
Process Evaluation	Creativity and Innovation	Attention to Detail
Resilience	Flexibility	Team Collaboration
Continuous learning	Leadership	Accountability

### Experience

#### Orange Coding Academy, Irbid/Jordan

May 2024 - Present

#### Full Stack Web Development Trainee

##### Work Experiences:

- Developed and maintained responsive web applications using HTML, CSS, Bootstrap, and JavaScript, improving user interface and experience.
- Assisted in building and optimizing back-end services with ASP.NET Core and SQL, ensuring robust and scalable solutions.
- Collaborated closely with cross-functional teams to deliver high-quality code, enhancing teamwork and project management skills.
- Contributed to the design and implementation of database structures, improving data retrieval efficiency and integrity.
- Implemented user authentication and authorization mechanisms, ensuring secure access to web applications.
- Searched and helped implementing features that would increase user experience in the website
- Finished 10 projects with various degrees of complexity in the span of 6 months of training.

## The National Vaccination and Epidemiological Investigation Project for Covid-19

Mafraq/Jordan

OCT 2021 – APR 2022

### PCR Swapper

#### Work Experiences:

- Worked both on the assigned testing point as well as on-site when required.
- Worked in a health hazardous work environment, where attention to details is required.
- Collected over 200+ testing sample daily and worked with different types of people.

## Community Pharmacy – Mafraq/Jordan

Nov 2019 – Mar 2021

### Pharmacist

#### Work Experiences:

- Maintained pharmacy stock and documented it when the pharmacy closed.
- Worked with different types of customers and prescribed medicine fit for the patient.
- Educated patients on medication usage, possible side effects, and interactions with other drugs or substances.
- Had good relationship with the patients and the neighborhood.

## Projects

### 1) Parliamentary Jordanian Election System ([GitHub](#))

**Description:** This system was developed to facilitate online voting, application submission, advertisement management, and election result display. The project aimed to create a comprehensive platform for managing elections within Jordan, utilizing ASP.NET MVC5 with C# for its core functionalities

### 2) Feedback System ([GitHub](#))

**Description:** Developed a feedback system with functionalities such as user authentication, course management, dynamic feedback submission, and result visualization. The system was built using HTML, CSS, Bootstrap, JavaScript, C# and ASP.NET Web Forms

### 3) HR Management System ([GitHub](#))

**Description:** Designed and developed an HR management system to streamline various HR-related tasks and processes. This project was implemented using HTML, CSS, Bootstrap, and JavaScript, focusing on user-friendly interfaces and efficient task management.

## Education

### Full-Stack Web Development Boot camp – Orange Coding Academy

May 2024 – Present

Intensive course in Full Stack Web Development in collaboration with Simplon.co and Princess Sumaya University for Technology (PSUT).

### Jordan University of Science and Technology, Jordan

Sep 2014 - June 2019

Bachelor's Degree in Pharmacy

Grade: 3.27 out of 4 – very good

## Courses and Certificates

- Orange Coursat – 2024 : HTML, CSS, JavaScript
- 1 Million Jordanian Coders Initiative – 2022 :

1. Front-end Development Track ([PDF](#)) – HTML, CSS, JavaScript
  2. Full Stack Developer Track ([PDF](#)) – HTML, CSS, Python
- Microsoft PowerPoint® 2010 Specialist ([PDF](#)) – 2013
