## OBJECTIVE

Dynamic Full Stack Developer with expertise in the MERN stack (MongoDB, Express.js, React.js, Node.js), I have graduated from Hashemite university majoring in Software Engineering, I have further honed my skills through a rigorous web development boot camp, accumulating 900 hours of technical training and 100 hours of soft skills development, Throughout my journey, I have successfully completed 10 projects at Orange Coding Academy, taking on various roles such as Scrum Master and Web Developer, where I honed my technical skills and collaborated with diverse teams to deliver impactful results. I am eager to continuously develop my expertise and contribute to meaningful projects in the web development field.

---
