## Experience

### -Trainee at Coding Academy by Orange

Intensive course in Front-end Web Development in collaboration with Simplon.co and Princess Sumaya University for Technology (PSUT) 09/2023 – 012/2023

## Projects

### 1. CargoNexa : [CargoNexa](#)

Developed the Cargonexa website for local cargo shipping in Jordan, utilizing React for the frontend and PostgreSQL for server-side operations. Spearheaded frontend development using VS Code, ensuring a seamless and responsive user interface.

### 2. ShopInfinite : [ShopInfinite](#)

Led React front-end development for ShopInfinite's E-Commerce platform, specializing in clothing sales. A pivotal member of an agile Scrum team, I prioritized creating visually

captivating interfaces during daily stand-ups and sprint planning. Utilized VS Code, GitHub, and Trello for efficient collaboration and progress tracking.

3. Portfolio: [malath-yasin-portfolio](#)

Created a personal portfolio website, "malath-yasin-portfolio," using HTML and CSS. Designed a clean and visually engaging interface to showcase my skills, projects, and professional background, technologies used : vs code , github.

4. WiseReads(Book Reading website) : [wiseReads](#)

Developed WiseReads, a book reading website, using JavaScript, HTML, CSS, and Bootstrap. Crafted an intuitive and visually appealing user interface to enhance the reading experience for users, technologies used : vs code , github, trello ,firebase.

5. Design of Portfolio website using figma : [Malath-Yasin-portfolio-design](#)

6. Design of Event website using figma : [Ramadan-Vibes](#)

7. WordPress Course : The website link: <https://nanahome.net/>

Designed and developed nanahome.net, a dynamic and visually appealing website powered by WordPress, showcasing my proficiency in web development and design.

- **PHP Laravel Training**

**NAS Company for Support Services, [03/2023 – 09/2023]**

Acquired in-depth knowledge of PHP programming language with a focus on Laravel framework. Developed skills in building robust and scalable web applications. Covered topics such as MVC architecture, database integration, and RESTful API development. Successfully completed practical projects demonstrating proficiency in Laravel.
