Full Stack Web Developer

Career Objective

Ambitious software developer specializing in the MERN stack, eager to contribute to innovative projects within Jordan's technology industry. I hold a bachelor's degree in Computer Science from The Hashemite University and have hands-on experience from an intensive bootcamp at Orange Coding Academy, where I completed multiple projects. My core skills encompass software development, web technologies, and problem-solving, with practical expertise in JavaScript, Node.js, React.js and Java, demonstrated through both academic and training projects. I am highly analytical and detail-oriented, with a strong grasp of software development principles and best practices. Additionally, my strong communication and teamwork skills have been honed through collaborative projects and leadership roles. I am seeking a full stack development role where I can leverage my technical expertise, problem-solving abilities, and passion for building impactful web solutions.

Technical Skills

Front-End Technologies: HTML, CSS (Tailwind, Bootstrap), Java Script, React JS, Next JS, Redux.

Back-End Technologies: Node JS, Express JS.

Database: SQL, MySQL, Mongo DB, PostgreSQL, Firebase.

Software Development Practices (SDLC): Scrum, Agile.

Tools: MS Office (Word, Excel, PowerPoint), Git (Version Control Systems), Postman.

CMS: Odoo.

Soft Skills

Learning Agility
Critical Thinking
Process Evaluation

Strong Interpersonal Skills
Problem-Solving
Team Collaboration

Effective Communication
Attention to Detail
Adaptability

Experience

Coding Academy by Orange

Dec 2024 - Present

Full Stack Web Development Trainee

- Gained hands-on experience with the MERN stack (MongoDB, Express.js, React.js, Node.js) through practical projects and coding Tasks.
- Developed and deployed full-stack applications, enhancing skills in both frontend and backend development.
- Participated in collaborative projects, applying Agile methodologies to manage and deliver high quality solutions.
- Participated in the design and implementation of database management solutions, improving data integrity and performance.

Estarta Solutions

Jul 2024 – Sep 2024

Web Development Intern

- Developed responsive web pages using HTML, CSS, and JavaScript.
- Completed various task-based assignments, enhancing front-end functionality and UI design.
- Collaborated with a team to implement best practices in web development.

Projects

1) LUMIERE [\[GitHub Repository\]](#) | [\[Live Demo\]](#)

Description: LUMIERE is an elegant and user-friendly online gift shop offering a wide range of products, including perfumes, face products, body care, and hair care for both men and women. Our mission is to provide customers with high-quality, natural products that enhance beauty and well-being.

Role: QA.

Tool used:

- **Front-End** HTML, CSS, JavaScript, Bootstrap, Tailwind CSS.
- **Back-End** Firebase (Real-time Database and Authentication).
- **Figma, Trello**

2) UFUQ [\[GitHub Repository\]](#)

Description: UFUQ (أفق) is a **donation-charity platform** where users can register, browse campaigns, and donate to approved charitable causes. Beneficiary organizations can submit applications to request funding for medical tools, and admins review and approve/reject these applications.

Role: Developer.

Tool used:

- **MERN Stack** (PostgreSQL, Express.js, React.js, Node.js, Tailwind CSS, Redux, Sequelize ORM).
- **Figma, Trello**

3) TaskFlow [[GitHub Repository](#)]

Description: TaskFlow presents a powerful task management platform designed for efficiency and productivity. With a sleek interface and seamless user experience, TaskFlow helps you organize, track, and complete tasks effortlessly.

Role: Developer.

Tool used:

- **Front End Stack** (Firebase, React.js, Tailwind CSS).
- **Figma, Trello**

4) Sport Co [[GitHub Repository](#)]

Description: Welcome to **SportCo Rental Platform**, a modern and intuitive solution for finding and renting pitches for daily rent. Our platform offers a seamless experience for both renters and landlords with powerful search, booking, and management features.

Role: Developer.

Tool used:

- **Front End Stack** (Firebase, React.js, Tailwind CSS, Axios).

Education

Coding Academy by Orange

Dec 2024 - Present

- Intensive course in Full-Stack Web Development in collaboration with Simplon.co and Princess Sumaya University for Technology (PSUT).
- 7-Month Full-Stack Web Development Bootcamp, encompassing 900 hours of technical training and 100 hours of soft skills development.

Hashemite University

Sep 2020 – Jul 2024

Bachelor's Degree in Computer Science

Grade: Very Good
