## Job Objective:

Passionate Full-Stack Web Developer, equipped with hands-on experience in C#, ASP.NET Core (MVC & Web API), Angular, JavaScript, and SQL Server. Finished recently diving deep into code at Orange Academy's intensive Bootcamp—over 800 hours of building real-world projects and sharpening development skills. Created 10 full-stack applications (7 team-based, 3 solo), blending clean code, Agile (Scrum), and Git-based version control. Excellent in tools like Visual Studio, VS Code, Trello, and Figma for seamless development and design. My Civil Engineering background fuels a logical, user-focused approach to problem-solving and performance. Driven to contribute, learn, and grow through an exciting opportunity.

## Technical Skills:

- **Front End:** JavaScript, TypeScript, Bootstrap, HTML, CSS, Angular
- **Back End:** C# (OOP), ASP.NET Core MVC, ASP.NET Web Forms, ASP.NET Core Web API
- **Frameworks & Libraries:** ASP.NET Core MVC, Angular, ASP.NET Web Forms, ASP.NET Core Web API
- **Database Management:** SQL Server
- **Version Control:** Git, GitHub
- **Agile Methodologies:** Agile (Scrum Framework)
- **Project Management Tools:** Trello
- **Tools & Technologies:** Visual Studio, Visual Studio Code, Node.js, Figma, MS Office (Word, Excel, PowerPoint)

## Soft Skills:

- |                     |                    |                        |
|---------------------|--------------------|------------------------|
| - Communication     | - Problem Solving  | - Teamwork             |
| - Adaptability      | - Time Management  | - Attention to Details |
| - Critical Thinking | - Learning Agility | - Creativity           |

## Experience:

### Ajloun Culture Department – Ministry of Culture, Jordan

(05/2025 – 06/2025)

#### Product Owner & Full Stack Web Developer

- Design and develop a website for the Ajloun Culture Department as part of a community service initiative during Orange Coding Academy training.
- Acted as the main point of contact between the department and the development team, gathering requirements, prioritizing features, and ensuring timely delivery.
- Ensured the website aligned with the department's goals by leading feature prioritization, maintaining quality standards, and supporting team collaboration.

### Orange Coding Academy, Irbid – Jordan

(12/2024 – 06/2025)

#### Full Stack Web Development Trainee

- Engaged in 900+ hours of hands-on technical training, covering C#, .NET Core, SQL Server, Angular, JavaScript, TypeScript, and front-end development and 100+ hours of soft skills training in collaboration with highly reputable companies both locally and globally.
- Conducted self-directed research on technical topics, participated in group discussions, and presented findings to peers and delivering project presentation to coaches and evaluators.

- Completed daily tasks, assignments, and coding challenges, receiving structured feedback and evaluations.
- Collaborated with 33 different team members, switching groups weekly, enhancing adaptability and teamwork.
- Developed 10 projects (7 group-based, 3 individual), at the end of each technology module, following Agile methodology and practicing Scrum framework as both a Developer, Scrum Master and Product Owner.
- Designed UI/UX mockups and wireframes using Figma, ensuring user-centric application design.
- Managed project workflows using Trello, dividing and tracking development tasks efficiently.

## **Projects:**

### **1. Real Estate Platform ([GitHub Link](#))**

A full-stack web application enabling users to explore, add, and manage real estate listings. Includes interior design service requests, user authentication, profile management, and an integrated admin dashboard.

- ASP.NET Core MVC, C#, SQL Server, JavaScript, Bootstrap, Entity Framework, Figma, Trello, Git/GitHub.

### **2. HR Management System ([GitHub Link](#))**

A full-stack HR management system with secure authentication, search by voice and role-based access for employees, managers, and HR to streamline attendance, task management, employee evaluations and leave/vacation requests.

- ASP.NET Core MVC, C#, SQL Server, JavaScript, Bootstrap, Entity Framework, Trello, Figma, Git/GitHub.

### **3. Library Management System ([GitHub Link](#))**

A full-stack web application for a language institute, enabling students to search and borrow books, reserve meeting rooms, and submit feedback, while providing administrators with book and reservation management tools and data export functionality (PDF/Excel)

- ASP.NET Web Forms, C#, SQL Server, JavaScript, Bootstrap, Entity Framework, Trello, Figma, Git/GitHub.

### **4. Bloomora – Emotion-Driven E-commerce Platform ([GitHub Link](#))**

Developed a full-stack flower and gift e-commerce site with personalized gifting, voice search, filters by emotion and occasion, voucher system, and real-time chat. ASP.NET Web Forms, C#, SQL Server, JavaScript, Bootstrap, Entity Framework, Figma, Trello, Git/GitHub.

- Angular & Typescript, HTML, CSS, Bootstrap 5, Trello, Figma, MockAPI for integration, Git/GitHub.

## **Education:**

- Full-Stack ASP.NET Development Bootcamp, Orange Coding Academy – Accredited by Princess Sumaya University for Technology, Simplon (France), and Orange, 2025
  - Intensive 6-month bootcamp covering Full-Stack Web Development with ASP.NET Core, C#, SQL Server, Angular, JavaScript, and TypeScript.
- Bachelor's degree in Civil Engineering, Yarmouk University, 2023
  - GPA: Very Good
  - Dean's List: - Second Semester, 2018 - Second Semester, 2020 - Second Semester, 2022
- High School, Taqarob International Schools, 2018

### **Courses and Workshops:**

- Applied Project Management, Dale Carnegie Training Jordan, Nov 2023
- Business Finance, Dale Carnegie Training Jordan, Nov 2023
- Company Legal Matters, CCD Jordan, Nov 2023
- Startup Journey, SHAI for AI, Oct 2023
- 3D Printing and Digital Manufacturing, Sep 2023

### **Volunteering:**

- Collaborate With University Professors to Provide Tailored Support for Blind Individuals During Exams.
- Preparing Study Materials Optimized for Screen Readers, Ensuring Blind Individuals Have Equal Access to Education and Knowledge.
- Organizing Memorable Ramadan Nights for Orphans Filled with Kindness, Care and Love.

### **Languages:**

- English – Advance
- Arabic - Native Speaker
