- 

## EXPERIENCE

**Full-Stack Web Development Trainee** | Orange Coding Academy, Amman/Jordan | Jan 2025 - May 2025

- **Front-end:** Developed responsive and interactive user interfaces using HTML, CSS, JavaScript and React, enhancing the user experience with clean UI/UX principles.
  - **Back-end:** Built and maintained web applications using PHP, MVC, and Laravel . Ensured efficient data management and scalability by consuming API's and integrating back-end services.
  - **Database:** Managed and optimized MySQL databases. Created and executed queries for efficient data retrieval, and ensured database performance.
  - **Project Work:** Delivered 4 full-stack web projects, applying skills to real-world scenarios. Developed scalable, maintainable, and high-performing applications.
  - **Collaboration:** Worked closely with teams to implement project requirements and ensure the seamless integration of front-end and back-end systems.
- 

**Full-Stack Web Development Training – Al-Suqoor Center**

06/2022 – 10/2022

Internship at Al-Suqoor Company, gaining hands-on experience in both front-end and back-end technologies. Worked on developing and optimizing web applications, ensuring responsiveness, performance, and security.

## PROJECTS

- Portfolio ([Github](#)): Developed a responsive and interactive personal portfolio website to showcase projects and skills. Utilized HTML, CSS, and JavaScript.
  - DiceWave ([Github](#)): Developed a dynamic e-commerce platform for online game sales. Implemented a responsive and user-friendly interface using HTML, CSS, and JavaScript.
  - Qtrat ([Github](#)): Developed an e-commerce website for medical supplements with categories, detailed product listings, add-to-cart functionality, and payment options, using PHP MVC and MySql Db
  - VisitJo ([Github](#)): A Laravel based web application that enables admins to manage trips and events across Jordan.
-
