ABOUT ME

Dedicated and efficient full stack developer, proficient in creating user interfaces, writing and testing codes and troubleshooting issues. Seeking to further improve skills as the future full stack developer, excited to be at the deployment phase of my new career as a web developer, and love to take up new challenges.

WORK EXPERIENCE

Sep 2020 - present

Trainee at Coding Academy by Orange

Web and mobile developer (Full Stack):

- Active learning and learn by teaching.
- Enhancement skills in web development, mobile applications and creating new ideas.
- Sharpening soft skills; enhance your self-confidence and business.

Projects that I undertook in the training period:

(Available in <https://github.com/HalaHyasat>)

- Portfolio (Individually) using: HTML & CSS
- Productivity tools website (With team) using: HTML, CSS, JavaScript, SASS, Bootstrap, JQuery
- Clothing E-commerce Website (Individually) using: WordPress
- Service Website - Key to Drive (With team) using: React
- Ecommerce website - Askadenya (With team) using: MERN stack

Feb 2020 - Mar 2020

Trainee at Orange Digital Village

During the internship period, the intern was assigned to the Orange Application Developing, UX Design, Marketing and Programming Departments. They were responsible for the design of the application, finding ways to increase the number of customers who use the application at the same time developing plans and future studies for that.
