Emotional Intelligence

Leadership

Continuous learning

Experience

09/2024 – present

Orange Coding Academy Intern :
Completed a full-stack development internship at Orange Coding Academy, mastering front-end technologies like HTML, CSS, and JavaScript. Advanced to back-end development with PHP, Laravel, and SQL for robust data management. Gained experience with React for dynamic UI creation and used GitHub for version control. Also developed Linux skills for optimized system operations.

Competitions and Awards
Participated in the Crown Prince Award for Best Government Application, gaining valuable insights and experience in government-oriented app development

Projects

GiftShop Website 🔗
Giftshop is a fully integrated e-commerce website I designed using PHP, HTML, CSS, and JavaScript, featuring an admin dashboard for managing products, users, and orders. The project was completed in collaboration with my private team at Orange.

NestQuest 🔗
Nest Quest is a dynamic website for hotel and flight reservations, designed using HTML, CSS, and JavaScript. The project was developed in collaboration with another team at Orange.

05/2023 – 09/2023   **Crown Prince Foundation Project**
Developed an integrated solution including a mobile application, website, and Python scripts connected to Firebase and local databases. Collaborated over a year for this comprehensive project.

Additional Projects
Completed projects involving game design in C# and mobile application development in Java for Android.

Education

09/2024 – present   **Full Stack Web Development Bootcamp**
By Orange Coding Academy
Intensive course in Full Stack Web Development by Orange Coding Academy in collaboration with
Simplon.Co 🔗 and Princess Sumaya University for Technology (PSUT).

09/2020 – 06/2024   **Bachelor's Degree in Computing Smart Devices (CSD)**
Tafila Technical University, Jordan
Graduated with distinction, ranked second in class

CERTIFICATIONS AND ADDITIONAL QUALIFICATIONS

Teaching Certifications:
Received three official university certifications for teaching programming languages.

Mentorship and Support:
Actively mentored fellow students in programming and project development.

Professional Development:
Committed to continuous learning and staying current with advancements in technology.
