**Full Stack Web Developer**

## CAREER OBJECTIVE

Ambitious software developer specializing in the **MERN stack**, eager to contribute to innovative projects within Jordan's technology industry. I hold a **bachelor's degree in Computer Information Systems** from **The Hashemite University** and have hands-on experience from an **intensive bootcamp at Orange Coding Academy**, where I completed multiple projects.

My core skills include **software development, web technologies, and problem-solving**, with practical expertise in **JavaScript, Node.js, React.js, C++, and Java**, demonstrated through both academic and training projects.

I am highly analytical and detail-oriented, with a strong understanding of software development principles and best practices. Additionally, I have developed **strong communication and teamwork skills** through collaborative projects and leadership roles.

I am seeking a **full-stack development role** where I can leverage my technical expertise, problem-solving abilities, and passion for building impactful web solutions.

## Technical Skills

**Front-End Technologies: HTML, CSS (Tailwind, Bootstrap), Java Script, React JS, next JS, Redux.**
**Back-End Technologies: Node JS, Express JS.**
**Database: SQL, MySQL, Mongo DB, PostgreSQL, Firebase, Sequelize.**
**Operating Systems: Windows.**
**Software Development Practices(SDLC): Scrum, Agile.**
**Tools: MS Office (Word, Excel, PowerPoint), Git (Version Control Systems), Postman.**
**CMS: WordPress.**

## Soft Skills

| | | |
|---|---|---|
| Learning Agility | Strong Interpersonal Skills | Time Management |
| Critical Thinking | Problem-Solving Ability | Effective Communication |
| Process Evaluation | Creativity and Innovation | Attention to Detail |
| Emotional Intelligence | Team Collaboration | Adaptability |

## Experience

*Coding Academy by Orange 2025 - Present*
*Full Stack Web Development Trainee*
*Work Experiences:*
*• Enhanced user engagement through UX/UI design.*
*• Improved soft skills by focusing on communication, time management, teamwork, emotional intelligence, critical*
*thinking, and adaptability.*

*• Performed daily individual tasks to advance technical skills.*
*• Collaborated with an IT team on short-term projects, enhancing both teamwork and technical skills to improve*
*front-end and back-end systems.*
*• Participated in the design and implementation of database management solutions, improving data integrity and*
*performance.*

## Projects

**1) Intelligent Mailbox System (IMS)**
**Description:** The Intelligent Mailbox System is designed to address the inefficiencies in traditional package delivery by providing a secure and technologically advanced solution. This system features a dual-password security mechanism, one for the user and one auto-generated by the system, enhancing security for package delivery. The IMS allows users to remotely manage mailbox operations via a custom application, including viewing delivery history and managing access permissions.

## Education

**Hashemite University, Jordan**
**Bachelor's in Computer Information Systems | Graduation Year: 2022**
**GPA:** 2.50 / 4.00

## Certifications & Training:

- **.NET Development Certification** – Demonstrates proficiency in application development using .NET technologies.
- **Frontend Development Workshop** – Hands-on training in HTML, CSS, and JavaScript for building interactive web interfaces.
- **Database Management Workshop** – Gained expertise in designing and managing databases using MySQL and PostgreSQL.

## Courses and Certificates

- CCNA
- ITIL
- PMP
