- Problem Solving

Professional Experience

Trainee at Coding Academy by Orange   2023/09 – 2023/12

Intensive course in Back-end Web Development in collaboration with Simplon.co and
Princess Sumaya University for Technology (PSUT),
I have completed a range of web development projects, including a website portfolio (utilizing HTML, CSS, and Bootstrap), an E-library website (learning JavaScript, using a JSON server, and implementing Tailwind for design), and an e-commerce website (employing Postgres for data management and Node.js)

Projects

Website Portfolio
Developed a personal portfolio website to showcase my skills and work.
Proficient in: HTML, CSS, Bootstrap.

E-library
Created an interactive E-Book website with a focus on user experience.
Skills acquired: JavaScript, JSON Server, Tailwind CSS.

E-Commerce Website (Divine-Secret)
Built a fully functional E-Commerce website called "Divine-Secret."
Skills developed: Postgres for data management, Node.js for server-side logic.
