Full Stack Web Developer

CAREER OBJECTIVE

Recent Computer Science graduate from Al al-Bayt University with 3 years of professional experience as a Hardware Technician and hands-on training in Full Stack Web Development at Orange Jordan. Skilled in JavaScript, HTML, CSS, Bootstrap, TypeScript, Angular, SQL, and ASP.NET Core MVC with a strong focus on building efficient, user-friendly web applications. Eager to contribute to a dynamic development team where I can continue to grow and apply my passion for solving real-world problems through technology

Technical Skills

Front-End: HTML/CSS, JavaScript, Bootstrap, TypeScript, Angular
Back-End: C#, ASP.NET MVC, ASP.NET Core API
Database: SQL, SQL Server.
Software Development Practices (SDLC): Scrum, Agile
Other Tools: Visual Studio, Visual Studio Code, Figma, Trello, Git, GitHub.

Soft Skills

Software Development Process Evaluation	Critical Thinking	Time Management
Performance Review	Problem-Solving Ability	Effective Communication
Data Analytics Skills	Project Management	Attention to Detail
Requirement Analysis	Creativity and Innovation	Team Collaboration
	Customer-Centric Approach	Flexibility Time Management

Experience

1- Full Stack Web Development Trainee | Orange Coding Academy   Dec 2024 – Present

Work Experiences:
- Completed intensive training in Full Stack Web Development at Orange Coding Academy, focusing on **ASP.NET Core MVC, JavaScript, HTML, CSS, TypeScript, C#, Angular, Core API, and SQL**.
- Worked on 10 diverse projects, including 5 individual and 5 group projects, applying learned skills to build practical solutions and enhance real-world development experience.
- Strengthened problem-solving and debugging skills through hands-on experience in real-world projects, ensuring code efficiency and reliability.
- Gained leadership experience as a Scrum Master, managing team collaboration, sprint planning, and ensuring timely project delivery.

2- Electronics Technician | Movie Box Company   **Nov 2018 – Feb 2021**

Work Experiences:
- Provided technical support and troubleshooting for electronic devices.
- Assisted in the maintenance and repair of various electronic components.
- Worked in a team to improve system efficiency and customer service.

Projects

1- HR Management System [GitHub Link]
As the Scrum Master and Developer, I led the Agile development of a full-stack HR Management System using **ASP.NET Core MVC, C#, SQL, JavaScript, HTML, CSS, and Bootstrap**. I facilitated Scrum ceremonies, removed impediments, and ensured seamless collaboration among a team of seven developers to deliver a secure, efficient, and user-friendly platform.

2- Library Management system [GitHub Link]
Library Management System for a university library. This system will streamline library operations for both library owners and university students. The system should allow university students to register and interact with library services, such as borrowing books, reserving meeting rooms, and feedback. Additionally, it should enable library owners to manage books, rooms, and reservations efficiently, build by using **(HTML, CSS, Bootstrap and C#) in Web Form** .

3- **PhotographyStore [GitHub Link]**
Developed a dynamic Camera Store website using **Angular** and **RESTful API**. Users can browse products, view detailed specs and reviews, and filter by category. Implemented responsive design, routing, and real-time data fetching for a smooth user experience.

4- **Quiz's Website [GitHub Link]**
Developed a Quiz Website as part of a team, with a focus on testing candidates' knowledge through multiple quizzes such as IQ, English, and Technical Tests. As Scrum Master, I facilitated team coordination, ensured project progress, and helped deliver a responsive and user-friendly platform built with **HTML, CSS, Bootstrap, and JavaScript**.

Education

Full Stack Web Development Bootcamp – Orange Coding Academy   **Dec 2024 – Present**
Intensive Full Stack Web Development course in collaboration with Simplon.co and Princess Sumaya University for Technology (PSUT).

Al al-Bayt University   **Sep 2019 – Mar 2024**
Bachelor's degree in Computer Science
