Skills

- Programming in Python
- Mathematics and Statistics
- Machine Learning
- Deep Learning
- Version Control
- Data Analysis and Visualization
- Computer Science
- Knime & Orange (Basic knowledge)
- Microsoft Office
- Problem-Solving
- Communication Skills
- Continuous Learning
- English language (IELTS 6.5)

Projects

About & Objective

I'm a motivated graduate from Jordan University of Science and Technology with a major of Mechanical Engineering with a strong passion for data science and Artificial Intelligence. My goal is to combine my engineering background with data science skills to drive innovative solutions. I'm driven by curiosity and committed to staying updated with the latest tools and methods, eager to apply my problem-solving abilities to uncover hidden patterns and deliver data-driven solutions.

Education Background

- Jordan University of Science and Technology (JUST)
  Bachelor of Science in Mechanical Engineering
  Completed in July 2022

Professional Experience

- Webhelp | Customer service advisor
  Sept 2022 - April 2023

Internships & Courses

Orange Coding Academy:
- Data Science: I completed an internship at Orange Coding Academy, where I received comprehensive training in data science and Artificial Intelligence. The program covered Python, data analytics, statistics, machine learning, NLP, and Computer Vision, equipping me with valuable skills for solving real-world data challenges.

Coursera:
- Programming in Python | Meta
- Machine Learning in Python | IBM
- Version Control | Meta
- Neural Networks and Deep Learning | DeepLearning.AI
- Databases and SQL for Data Science with Python | IBM
