Elham Mohammad

Summary

A mathematics graduate with a strong interest in data science. I believe that data science is a rapidly growing and exciting field and I am passionate about applying my mathematical skills to study and develop this field.

I recently studied data science at Orange Academy for Data Science, where I learned how to apply mathematical concepts to data analysis and how to use various data science tools and techniques to solve practical problems.

Education

Al Zaytoona University of Jordan

- Bachelor's degree, Mathematics (2017 - 2019)

Courses and Certificates

1- Data Science Training, Orang Jordan
It's a course about data science, machine learning, and data science challenges.
Feb 2023 - March 2023 (2months)
Graduation project: House Price Forecasting
Project Link
https://github.com/elhamgh23/Predicting_House_Prices.-
2- Machine Learning Training, SHAI for AI
Feb 2023 - Present

Experience

Mathematics Teacher
Jordan ministry of Education
Aug 2021 – Jul 2022
