SANAD KHAMASH

PROFESSIONAL SUMMARY

A full-stack web development student at Coding Academy by Orange who looks for an opportunity to start, grow and achieve.

So far I've developed several projects using HTML, CSS, JS, and React JS., for the next few months I'll be working on the back-end development (PHP Laravel, Python).

PROJECTS

• Platinum Store (React JS):
An E-commerce website specializes in computers and mobile phones with a simple admin dashboard to add items, manage users and track orders.

• Sanad Khamash's Portfolio (HTML, CSS & JS):
A simple portfolio template built using only HTML, CSS & JS.

• Online Quiz(HTML, CSS & JS):
A simple online quiz for HTML and CSS, built using HTML, CSS and JS that validate answers and shows the final results with user's correct and wrong answers.

• Additional Tasks:
