Full Stack Web Developer

CAREER OBJECTIVE

I'm a Full Stack Developer trained at Coding Academy by Orange, with hands-on experience in web technologies such as HTML, CSS, JavaScript, SQL, C#, MVC, ASP.NET Core Web API, and Angular. I am passionate about applying my technical skills to solve real-world problems. During my training at Orange Coding Academy, I successfully completed seven major projects, taking on roles such as Product Owner and Full Stack Web Developer. These projects allowed me to refine my ability to collaborate with teams, standardize processes, and deliver high-quality results. I have strong communication and problem-solving skills, and I hold a Bachelor's Degree in Telecommunications Engineering from Yarmouk University.

Technical Skills

Front End: JavaScript, HTML/CSS, TypeScript, Bootstrap.
Back End: MVC, ASP.NET Core Web API, Angular C#.
Database: SQL, SQL Server·
Operating Systems: Windows·
Software Development Practices (SDLC): Agile, Scrum.
Tools: Visual Studio, Visual Studio Code, Figma, Trello.

Soft Skills

Problem-Solving	Self-Learning	Adaptability
Effective Communication	Stress Management	Attention to Detail
Time Management	Teamwork	Critical Thinking

Experience

Orange Coding Academy
Irbid/Jordan   **May 2024 - Present**
Full Stack Web Development Trainee

Work Experiences:
- Developed and maintained web applications using HTML/CSS, JavaScript, C#, TypeScript, and Angular.
- Completed intensive training in Full Stack Web Development, including both front-end and back-end technologies.
- Implemented responsive designs and user interfaces using Bootstrap and Angular.
- Built and consumed APIs using ASP.NET Core Web API, enhancing application functionality and data exchange.

- Worked with SQL and SQL Server for database management and querying.

Royal Jordanian Air Force
Amman/Jordan   **May 2023 – July 2023**

<u>**Work Experiences:**</u>

- Gained hands-on experience in **repairing and maintaining fiber optic cables**.
- Acquired knowledge in **ground communication systems** and their applications.
- Learned how to **program and configure landline telephones** for efficient communication.
- Worked on the installation and maintenance of **CCTV systems** for security monitoring.
- Collaborated with various departments, enhancing my understanding of **telecommunications infrastructure.**

Projects

1) Parliamentary Jordanian Election System ([GitHub Link](#))
Description: This system has been developed to facilitate online voting, application submission, advertisement management, and election result display. The primary objective is to create a comprehensive platform for managing elections within Jordan, utilizing ASP.NET MVC5 with C# for its core functionalities.

2) Mini E-Commerce System ([GitHub Link](#))
Description: development of a fully functional e-commerce website using modern web technologies, including HTML, CSS, JavaScript, SQL Server, C#, and ASP.NET MVC.

3) Feedback System ([GitHub Link](#))
Description: Feedback System includes functionalities such as user authentication, course management, dynamic feedback submission, and result visualization using HTML, CSS, Bootstrap, JavaScript, and C# ASP.NET Web Forms.

4) HR Management System ([GitHub Link](#))
Description: HR system designed to facilitate various HR-related tasks and processes using HTML, CSS, Bootstrap and JavaScript.

Education

Yarmouk University,
Irbid/Jordan   **August 2018 - August 2023**

Bachelor's Degree in Telecommunications Engineering.

Orange Coding Academy
Irbid/Jordan   **May 2024 - Present**

Intensive course in Full Stack Web Development in collaboration with Simplon.co and Princess Sumaya University for Technology (PSUT).
