## TECHNICAL SKILLS

**Frontend:** HTML5, CSS3, JavaScript (ES6+), Bootstrap, React.js
**Backend:** PHP, MySQL, Laravel
**Database:** MySQL, SQL Server
**Tools & Technologies:** Visual Studio Code (VS Code), Git, GitHub, Figma, Trello
**Software Development Practices:** Agile Methodology, Object-Oriented Programming (OOP), Model-View-Controller (MVC) Architecture, Software Development Life Cycle(SDLC)

## SOFT SKILLS

Problem-Solving, Communication, Critical Thinking, Fast Learner, Teamwork, Adaptability, Change Management, Creativity

## EDUCATION

**Frontend Web Development Bootcamp,** 01/2025 – Present
**Orange Coding Academy**

- Intensive course in Frontend Web Development by Orange Coding Academy in collaboration with Simplon.co, DigiSkills, and Princess Sumaya University for Technology

**Bachelor Degree in Computer Engineering**, 09/2019 – 02/2024
**Altafila Technical University**

- Studied core concepts of software development, computer systems, networking, and embedded systems with practical applications in engineering and technology

## WORK EXPERIENCE

**Full-Stack Web Development Trainee, 01/2025 to Current**
**Orange Coding Academy – Amman**

- **Front-end:** Developed responsive UIs with HTML, CSS, JavaScript, and React, focusing on clean UI/UX.
- **Back-end:** Built web apps with PHP, MySQL, and Laravel, ensuring efficient data management and API integration.
- **Database:** Managed and optimized SQL Server databases, creating queries for efficient data retrieval.
- **Project Work:** Delivered 7 full-stack projects, building scalable and maintainable applications.
- **Collaboration:** Collaborated with teams to implement project requirements and integrate front-end and back-end systems.

**Customer Service Representative, 07/2024 - 01/2025**
**Extensya, Amman/Jordan**

- Built strong communication and problem-solving skills through daily customer support.
- Applied active listening and attention to detail to resolve user issues effectively.
- Adapted quickly to new tools and processes, showing flexibility and a growth mindset.

## PROJECTS

- **React E-commerce (GitHub):**Developed a responsive e-commerce app using HTML, CSS, JavaScript, PHP, Laravel, and React.js, with dynamic product listings, shopping cart, and interactive UI for enhanced user experience.
- **Healthcare Consultation Website (GitHub):**Developed a healthcare consultation website that allows users to search for doctors, view profiles, and book online appointments. Implemented user roles (patients & doctors), appointment scheduling system, and secure authentication using HTML, CSS, JavaScript, API, PHP, and MySQL.
- **Mini e-commerce website** (**Github**): Developed an e-commerce website for flower store with categories, detailed product listings, add-to-cart functionality, and payment options, using HTML, CSS, JavaScript, PHP and SQL server.
- **Workout Fitness Website (GitHub):**Built a fitness website for browsing workout plans, viewing exercises, and creating custom schedules with user authentication and responsive design using HTML, CSS, JavaScript.
- **Hackathon Project - OCA Website (GitHub):** Worked in a team to design and develop a dynamic website for the OCA Hackathon in 6 hours, featuring a modern UI and responsive design using HTML, CSS, and JavaScript.
- **Arduino Secure Save Box** (**Github**): Developed a secure save box using Arduino and basic electronic components, with programming executed in C++.
