Full Stack Web Developer

Career Objective

A dedicated Full Stack Web Developer with extensive training from Orange Coding Academy, including 900 hours of technical skills and 100 hours of soft skills development, and a Bachelor's Degree in Electrical Engineering from Yarmouk University. Familiar with range of technologies, including HTML, CSS, JavaScript, SQL, C#, MVC, ASP.NET Core Web API, TypeScript, and Angular.

Throughout my training and academic journey, I have successfully completed over 7 diverse projects, taking on leadership roles such as Scrum Master in one project and Product Owner in another. With a strong foundation in problem-solving, I bring hands-on experience from internships and projects, consistently applying best practices and standardized processes.

Known for strong communication and teamwork skills, I am seeking a software development position where I can leverage my technical expertise and contribute to impactful solutions.

Technical Skills

Front-End: HTML/CSS, JavaScript, Bootstrap, Angular
Back-End: C#, ASP.NET MVC, ASP.NET Core Web API, TypeScript
Database: SQL, SQL Server
Operating Systems: Windows
Software Development Practices (SDLC): Waterfall, Agile.
Tools: Visual Studio, Visual Studio Code, Figma, Trello, Git (Version Control Systems).

Soft Skills

Continuous Learning and Skill Development Leadership	Critical Thinking Creativity and Innovation Flexibility	Time Management Problem-Solving Ability Team Collaboration Self-Motivation

Experience

Orange Coding Academy, Irbid/Jordan   **May 2024 - Present**
Full Stack Web Developer Trainee
Work Experiences:
- Completed intensive training in full-stack development, including both front-end and back-end technologies.
- Developed and maintained web applications using HTML/CSS, JavaScript, C#, TypeScript, and Angular.
- Implemented responsive designs and user interfaces using Bootstrap and Angular.
- Built and consumed APIs using ASP.NET Core Web API, enhancing application functionality and data exchange.
- Worked with SQL and SQL Server for database management and querying.

Concentrix, Amman/Jordan   **Jan 2024 - May 2024**
Customer Support Advisor
Work Experiences:
- Provided customer support by answering queries and resolving issues promptly, ensuring a high level of customer satisfaction.

- Handled difficult situations with professionalism, actively listening to customers and offering tailored solutions to meet their needs.
- Collaborated with internal teams to escalate and resolve complex cases, while maintaining excellent communication and follow-up with customers.

Projects

1) Parliamentary Jordanian Election System ([GitHub Link](#))
Description: This system has been developed to facilitate online voting, application submission, advertisement management, and election result display. The primary objective is to create a comprehensive platform for managing elections within Jordan, utilizing ASP.NET MVC5 with C# for its core functionalities.

2) Feedback System ([GitHub Link](#))
Description: Feedback System includes functionalities such as user authentication, course management, dynamic feedback submission, and result visualization using HTML, CSS, Bootstrap, JavaScript, and C# ASP.NET Web Forms.

3) HR Management System ([GitHub Link](#))

Description: HR system designed to facilitate various HR-related tasks and processes using HTML, CSS, Bootstrap and JavaScript.

4) Mini E-Commerce System ([GitHub Link](#))
Description: development of a fully functional e-commerce website using modern web technologies, including HTML, CSS, JavaScript, SQL Server, C#, and ASP.NET MVC.

Education

Full Stack Web Development Bootcamp – Orange Coding Academy   **(May 2024 – Present)**

Intensive course in Full Stack Web Development in collaboration with Simplon.co and Princess Sumaya University for Technology (PSUT).

Yarmouk University, Irbid/Jordan   **(Oct 2018 - Aug 2023)**

Bachelor's Degree in Electrical Power and Machines Engineering - Grade: 81.7%

Achievements:

1) Presented a project to the American Engineering Accreditation Board (ABET) for the 2023-2022 period.
2) Served as Team Coordinator in the Hult Prize competition in 2020.
3) Acted as an Ambassador for the Edraak platform at Yarmouk University in 2019.
4) Worked in the Special Needs Department from 2021 to 2023.

Courses

1) C# Intermediate: Classes, Interfaces and OOP ([Certificate](#))

2) Introduction to Databases (level1 - Meta Database Engineer Professional Certificate)
