AHMAD ALHERESH

FULL STACK DEVELOPER

+962 790035628, ahmadalheresh7@gmail.com, Amman, Jordan, 24/09/2002, Linkedin, Github

PROFESSIONAL PROFILE

Full-Stack Developer with a strong foundation in developing user-centric web applications, specializing in both front-end and back-end technologies. Gained extensive hands-on experience through completing four projects at Orange Coding Academy. Proficient in HTML, CSS, JavaScript, C#, .NET, SQL, React, and Laravel, with a passion for writing clean, efficient code and delivering innovative solutions. Eager to apply my technical expertise to a dynamic and forward-thinking web development team.

EDUCATION

Bachelor of Computer Science in The Hashemite University in Jordan   Oct 2020 - Aug 2024

WORK EXPERIENCE

- **Full-Stack Web Development Trainee | Orange Coding Academy**   Jan 2025 - Present

  Currently undergoing an intensive five-month training program in full-stack web development, focusing on React for front-end and Laravel for back-end development. Gaining hands-on experience in building dynamic web applications, working with modern frameworks, databases, and APIs, and developing problem-solving and collaboration skills in a professional environment.

PROJECTS

- **VisitJo | Github**

  Developed a tourism website named VisitJo that allows users to explore and book events and trips across Jordan, with features like trip listings, booking system, user authentication, and admin dashboard, using HTML, CSS, JavaScript, Bootstrap, and Laravel.

- **People Tales | Github**

  Developed a dynamic ecommerce website that sells cultural products from different countries with features for exploring products, adding to cart, order placement, user authentication, and admin dashboard, using PHP, MVC, and MySQL.

- **Ramadan Initiatives | Github**

  Second Place Award Winning project at "Code For Good" Hackathon at Orange Coding Academy. Developed a dynamic charity website that enables people to donate and enroll in volunteering activities, with features for exploring donation and volunteering opportunities, donating, volunteering, user authentication, and user profile to view previous activities, using HTML, CSS, JavaScript, and Bootstrap.

- **Car Rental | Github**

  Developed a cars rental system with user authentication, rental management, and user profile with rental history, using HTML, CSS, Bootstrap, and JavaScript.

CERTIFICATIONS

- **ASP.NET MVC Core Certification**

Built scalable web applications with a strong focus on back-end development, utilizing MVC architecture, RESTful APIs, Entity Framework, and authentication mechanisms. Successfully integrated front-end components and managed deployment processes to deliver fully functional solutions.

VOLUNTEERING

- **Sorged (Sorgun Genclik Dernegi)**   Sep 2024 - Oct 2024

European Solidarity Corps Volunteer
  - Cultural exchange program to raise awareness about climate change, environmental and health issues.

- **Youth pass Certificate**

  It documents skills from European youth projects, emphasizing personal growth, communication, teamwork, and intercultural understanding in volunteering, training, and non-formal education.
