Full Stack Web Developer

CAREER OBJECTIVE

A passionate and highly motivated recent graduate in Computer Information Systems from Yarmouk University with a GPA of 88.7, ranking first in my department, currently enhancing my skills through intensive training at Orange Coding Academy, where I have successfully completed 8 individual and group projects in web development. Skilled in HTML, CSS, Bootstrap, JavaScript, and ASP.NET Core MVC, ASP.NET Core Web API and Angular, with practical knowledge in building responsive web applications.

In my projects, I took on roles such as Scrum Master, which strengthened my leadership, collaboration, and project management skills. I often acted as the go-to person for troubleshooting, ensuring smooth delivery through strong problem-solving and attention to detail. These experiences prepared me to excel in fast-paced environments and deliver efficient, impactful solutions. I'm now seeking a Full Stack Web Developer role to grow and contribute meaningfully.

Technical Skills

Front-End: HTML, CSS, JavaScript, TypeScript, Bootstrap, Angular.
Back-End: C# (OOP), ASP.NET Core MVC, ASP.NET Core Web API.
Database: SQL Server.
Operating Systems: Windows
Software Development Methodologies: Agile, Scrum (SDLC)
Tools & Technologies: Visual Studio, Visual Studio Code, GitHub, Figma, Trello.

Soft Skills

Leadership Interpersonal Skills Flexibility Learning Agility	Critical Thinking Problem-Solving Ability Self-Motivation Team Collaboration	Time Management Effective Communication Attention to Detail

Experience

Orange Coding Academy, Irbid/Jordan   **Dec 2024 - Present**
Full Stack Web Development Trainee
<u>Work Experiences:</u>

- **Front-end**: Developed responsive and interactive user interfaces using HTML, CSS, JavaScript and TypeScript, enhancing the user experience with clean UI/UX principles.
- **Back-end:** Built and maintained web applications using C# and .NET MVC.
- **Database:** Managed and optimized SQL Server databases. Created and executed queries for efficient data retrieval, and ensured database performance.
- **Project Work:** Developed and maintained both front-end and back-end components of web applications using the .NET framework. Completed six individual and group projects, demonstrating strong collaboration and problem-solving skills.

Projects

1) **HR Management System (HRMS)** GitHub

   Description: It streamlines HR operations and enhance workforce management. It provides role-based access for employees, managers, and HR personnel, enabling efficient task delegation, attendance tracking, leave management, and employee evaluations. The system ensures secure authentication, profile management, and optional advanced features such as voice search and password encryption utilizing ASP.NET MVC with C# for its core functionalities.

2) **Library Management System** GitHub

   Description: it streamlines operations for both university students and library administrators. The system ensures an efficient and user-friendly experience for both students and administrators.
   Built with HTML, CSS, Bootstrap, JavaScript and ASP.NET webform technology with C#

3) **Quiz Website** GitHub

   Description: Developed a Quiz Website as part of a team, with a focus on testing candidates' knowledge through multiple quizzes such as IQ, English, and Technical Tests. As Scrum Master, I facilitated team coordination, ensured smooth project progress, and helped deliver a responsive and user-friendly platform built with HTML, CSS, Bootstrap, and JavaScript.

4) **E-Commerce (Artify)** GitHub
   An e-commerce web app for selling art supplies, built with HTML, CSS, TypeScript, Bootstrap 5, and Angular. Integrated external APIs for dynamic product data. Led the team as Scrum Master, ensuring Agile practices and smooth sprint delivery.

Education

Full Stack Web Development Bootcamp – Orange Coding Academy   **Dec 2024 – Present**
   Intensive course in Full Stack Web Development in collaboration with Simplon.co and Princess Sumaya University for Technology (PSUT).

Yarmouk University   **Oct 2020 – Jul 2024**
   Bachelor's degree in Computer Information Systems
   Grade: 88.7 (Excellent)

   Achievements:
   - Ranking first in my department.
   - Seven-time recipient of the Dean's List for academic excellence.

   Conferences and Training Attended:
   - Digital Transformation: Technologies and Practical Applications
     Successfully completed 60 hours of online training on Digital Transformation concepts and its impact on various aspects of life.

Courses

- **AWS Educate Introduction to Generative AI**
  Issued by Amazon Web Services Training and Certification

- **AWS Educate Machine Learning Foundations**
  Issued by Amazon Web Services Training and Certification
