Professional Summary

an enthusiastic Full Stack Developer eager to leverage my knowledge and skills in Software Engineering to solve real-world problems and drive value in the marketplace. With a logical and practical mindset, I prioritize efficient and effective task completion. My robust technical skills, combined with excellent interpersonal abilities, enable me to excel in collaborating with teammates and co-workers. I am committed to continuous learning, thriving on overcoming challenges with enthusiasm and a strong desire for personal and professional growth.

Technical Skills

HTML5, CSS3, JavaScript, React, Node.js, Express, MongoDB, mongoose, SQL-MySQL, GitHub.

Interpersonal skills

Effective Communication, Knowledge Sharing, Self-learning, Team Work, punctuality.

Professional Experience

Coding Academy by Orange Jordan

Full-Stack Web Developer Trainee   **February 2023 – Present**

- Learned modern technologies: JavaScript (React), Node.js, Express.js, Mongo DB, MySQL, and React Native.
- Implemented 10 projects on different technologies with collaboration with teams.
- Took 100+ hours of soft and digital skills, like: emotional intelligence, change management and agility.
- Acted as a Scrum Master and Product Owner in different projects.

Projects

Bloom Beauty: Developed Bloom Beauty, a responsive makeup e-commerce platform using React.js, with key features including engaging landing section, user registration/login, personalized profiles, and advanced SEO techniques.

GitHub Finder: Created GitHub Finder, a web application built with HTML, CSS, and JavaScript. It offers a Profile View with a cloned design from GitHub, allowing users to search for usernames, view profile details, and compare users based on the number of repositories and followers.

Education

Bachelors' degree in Mechanical Engineering-The Hashemite University   [09/2018 – 09/2022]

Languages

Arabic: Native Proficiency
English: Intermediate Proficiency
